## **1. Introduction**

---

The Crafito theme is an e-commerce theme specifically made to enhance your online odoo e-commerce store. Crafito provides numerous snippets with various possible options for you to customize your store with attractive look & feel.

## **2. Pre-requisites**

---

Following points must be followed before starting the plug in installation:

- You should login as an Admin in Odoo.
- Check that your Odoo Instance is compatible for Crafito Theme.
- An e-commerce module should be present in your instance to use this theme.

## **3. Installation**

---

**Step 1: Download and extract the zip file.**

**Step 2: Check your Odoo add-ons path.**

- It should be same as defined in Odoo Config file.
- Config files are mostly saved in /etc folder. For e.g. /etc/odoo.conf
- Open Config file:
  - Give the command: sudo/etc/odoo.conf
  - Config file content: addons\_path = /opt/odoo/addons

**Step 3: Open Terminal and go to download location**

- For e.g. if the download location path is : /home/odoo/Downloads then the command to be written in the terminal would be:  
cd/home/odoo/Downloads

**Step 4: Copy download modules to addons path**

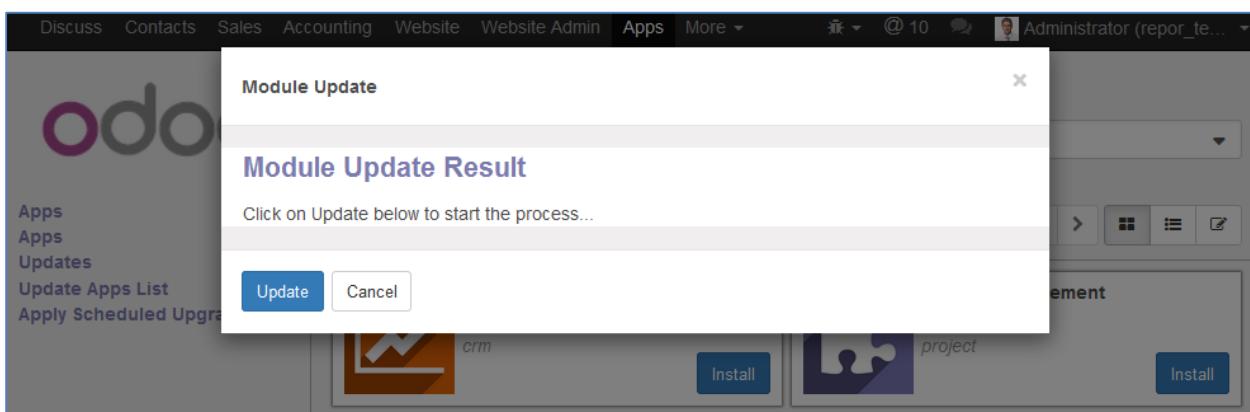

- Give the below mentioned commands to perform copy operation:
  - \$cd /home/odoo/Downloads/theme\_crafito
  - \$cd v9
  - \$sudo cp theme\_crafito /opt/odoo/addons

## **Step 5: Restart Odoo server**

**Step 6: Login with the admin credentials in your odoo instance.**

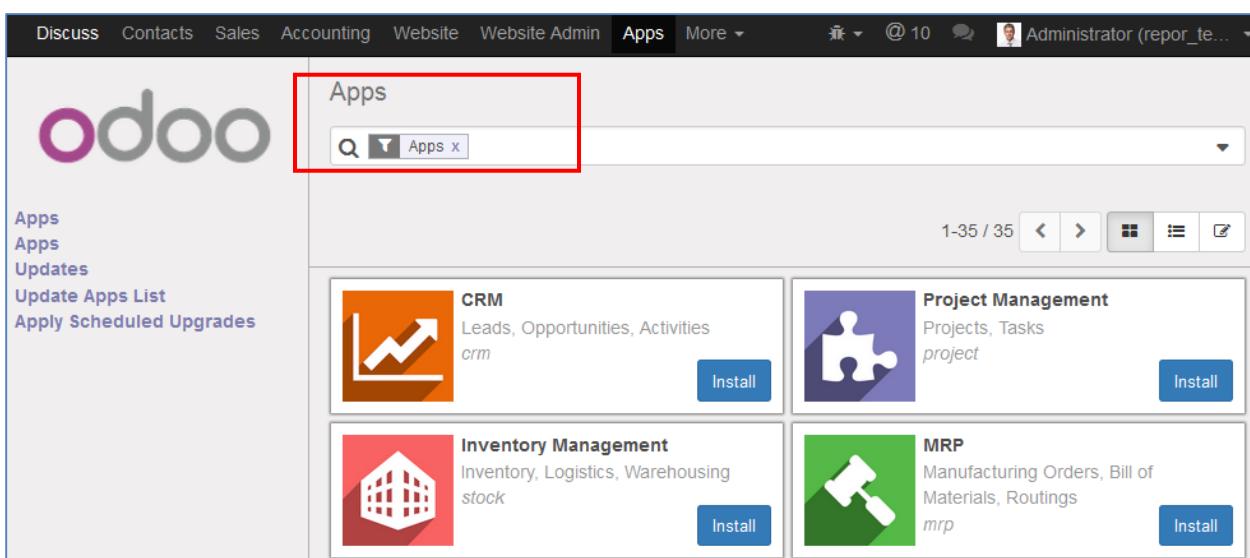

## **Step 7: Go to Settings/Update Module List.**

- Click on “Update” button.

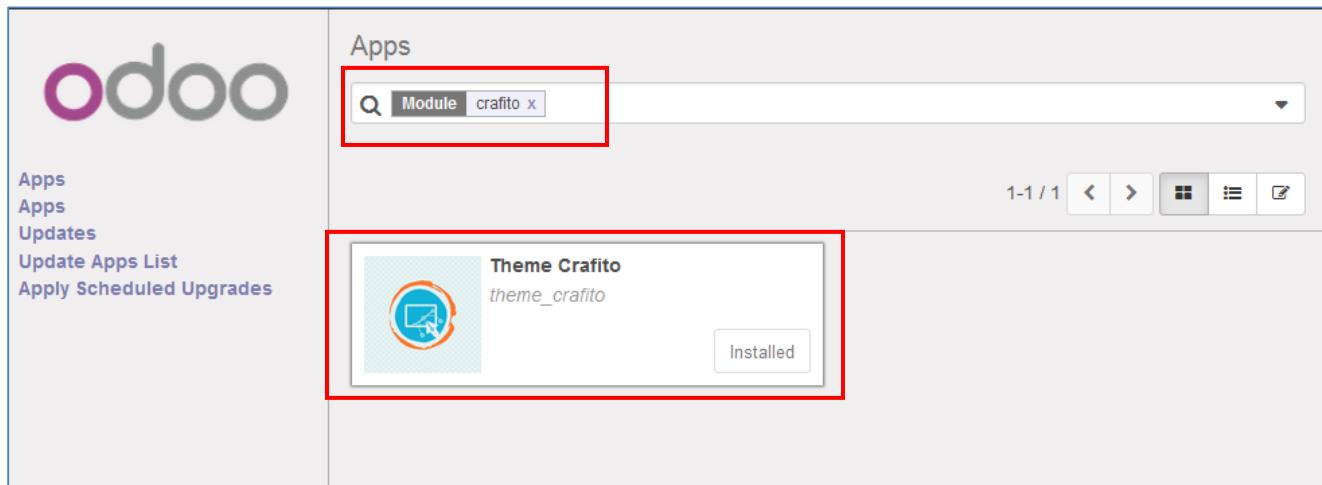

## **Step 8: Go to Settings/Local Modules**

- Remove search filter

- Enter module name in the search box provided in the top right corner of the page. For e.g. here write “Crafito”.
- Click on install button.

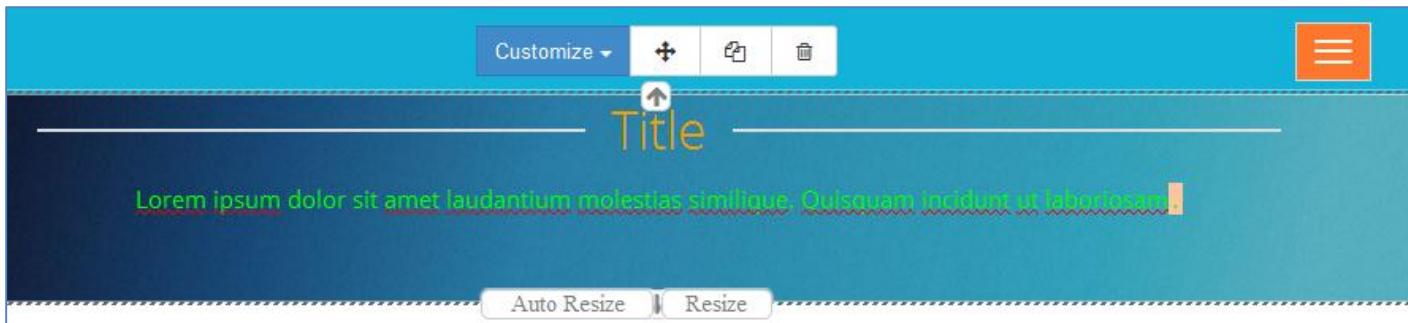

## 4. Plugin Configuration

---

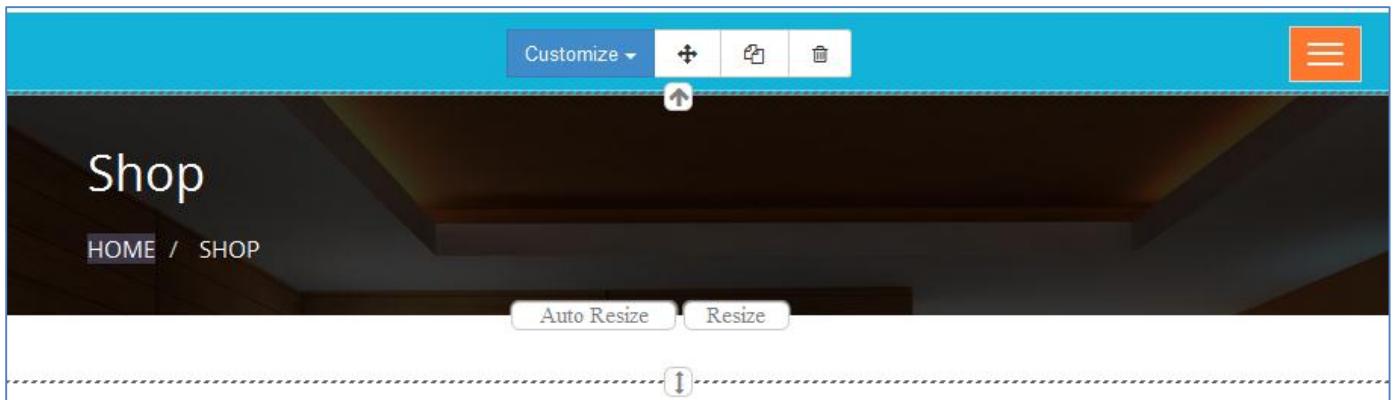

### Step 1: Configuring Main Title Snippet

- Go to Website -> Edit -> Insert Blocks -> Main Title. Drag and drop Main Title Snippet on the page where you want it.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
- Click on any Text to customize text of the Title Block. Click on the Title to customize Title of the block.

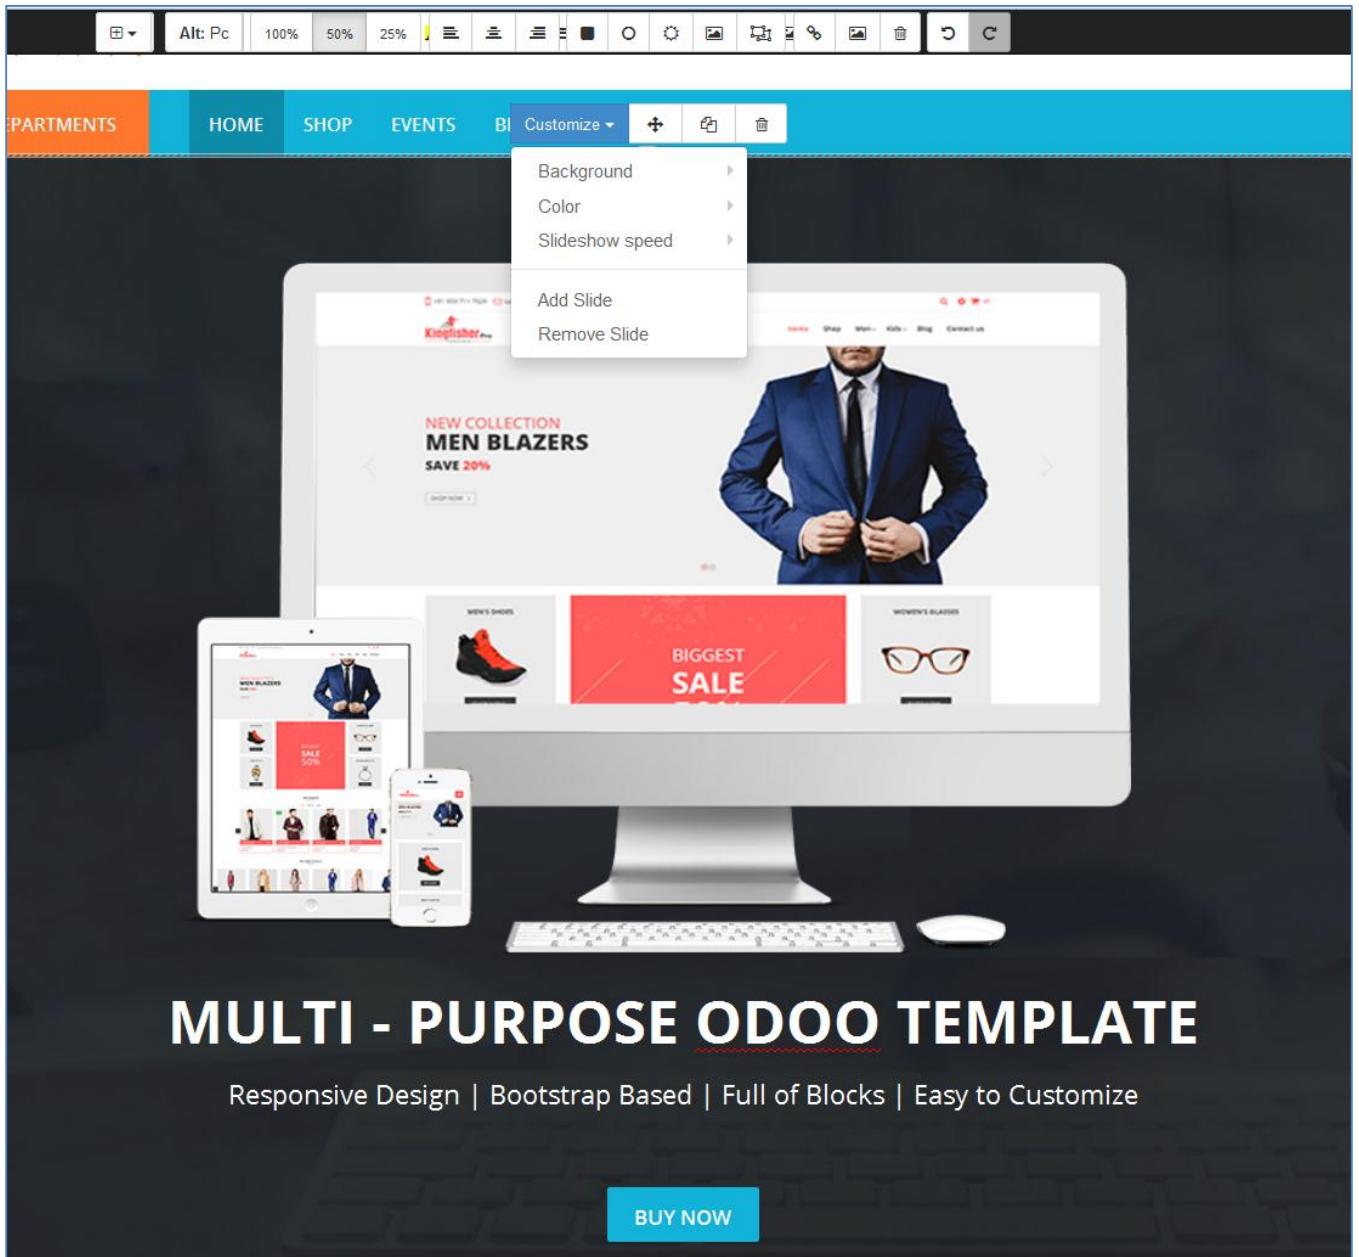

### Step 2: Configuring Upper Banner Snippet

- Go to Website -> Edit -> Insert Blocks -> Upper Banner. Drag and drop Upper Banner Snippet on the page where you want it.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
- For Breadcrumbs you can set links for the pages as well as unlink them upon requirement.

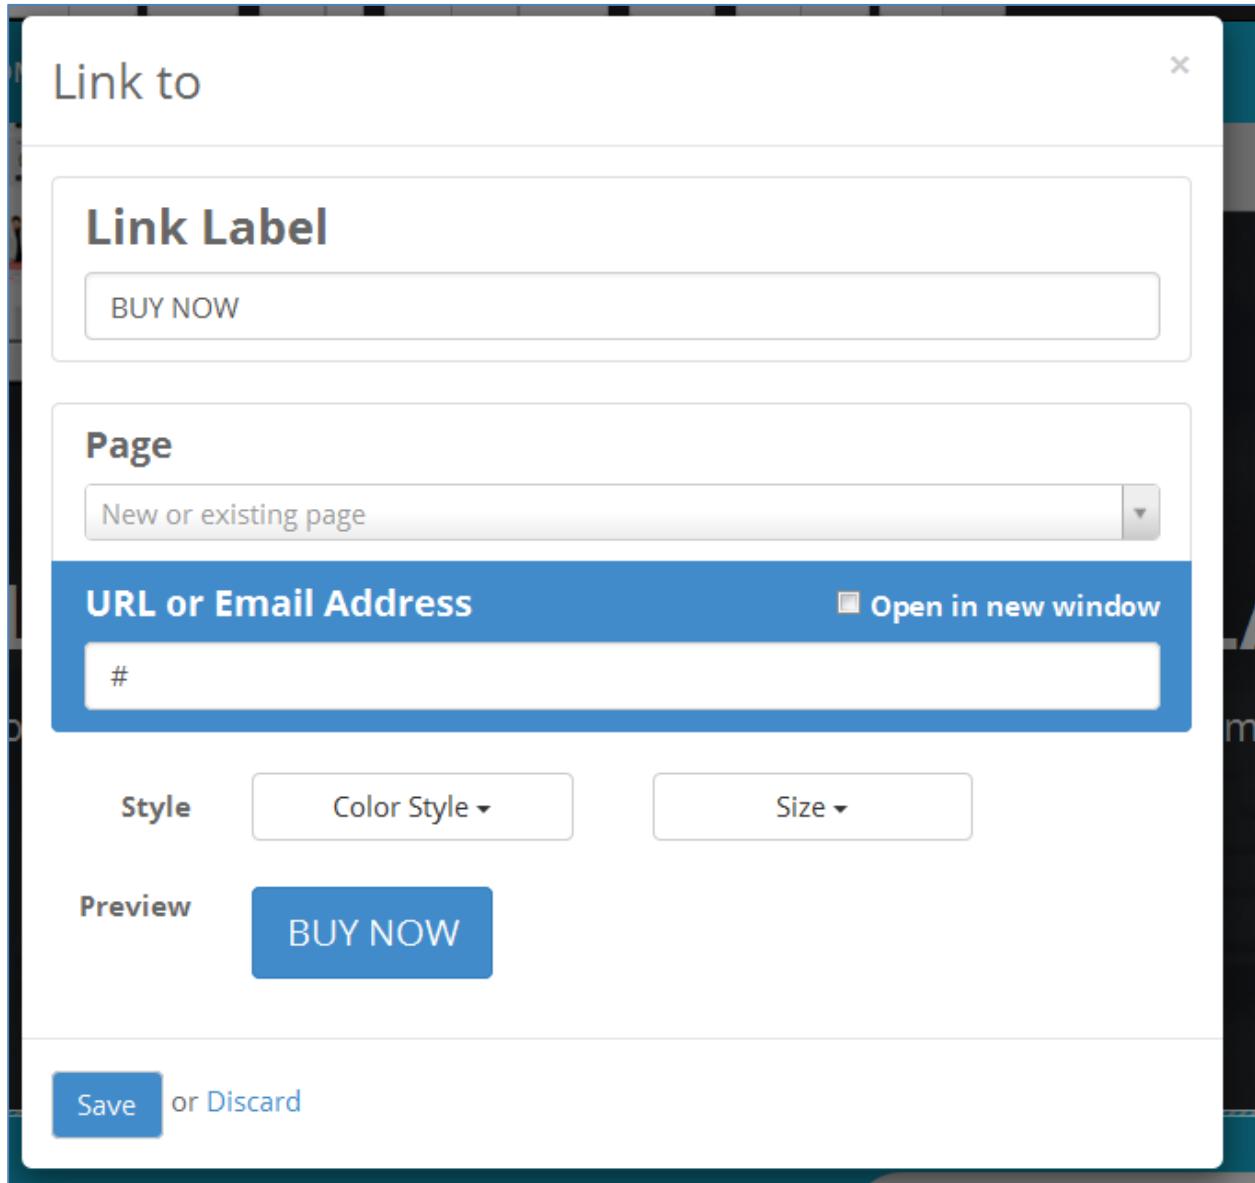

### Step 3: Configuring Home Slider Snippet

- Go to Website -> Edit -> Insert Blocks -> Home Slider. Drag and drop Upper Banner Snippet on the page where you want it.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
- You can click on any image to change the image or remove the image. Along with image you can also add Text, Document, Pictogram and Video to the snippet. You can also Manage Slideshow speed along with number of slides in the snippet.

- You can also add text to the banner along with any button that can redirect your customer to any page. You can also manage links of the button by clicking button and then clicking on link button.

#### Step 4: Configuring About Us Snippet

- Go to Website -> Edit -> Insert Blocks -> About Company / About Us 2 / About Us 3. Drag and drop any of the 3 Snippet on the page where you want it.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
- You can customize every block of the snippet. You can click on any image to change the image or remove the image. Along with image you can also add Text, Document, Pictogram and Video to the snippet.

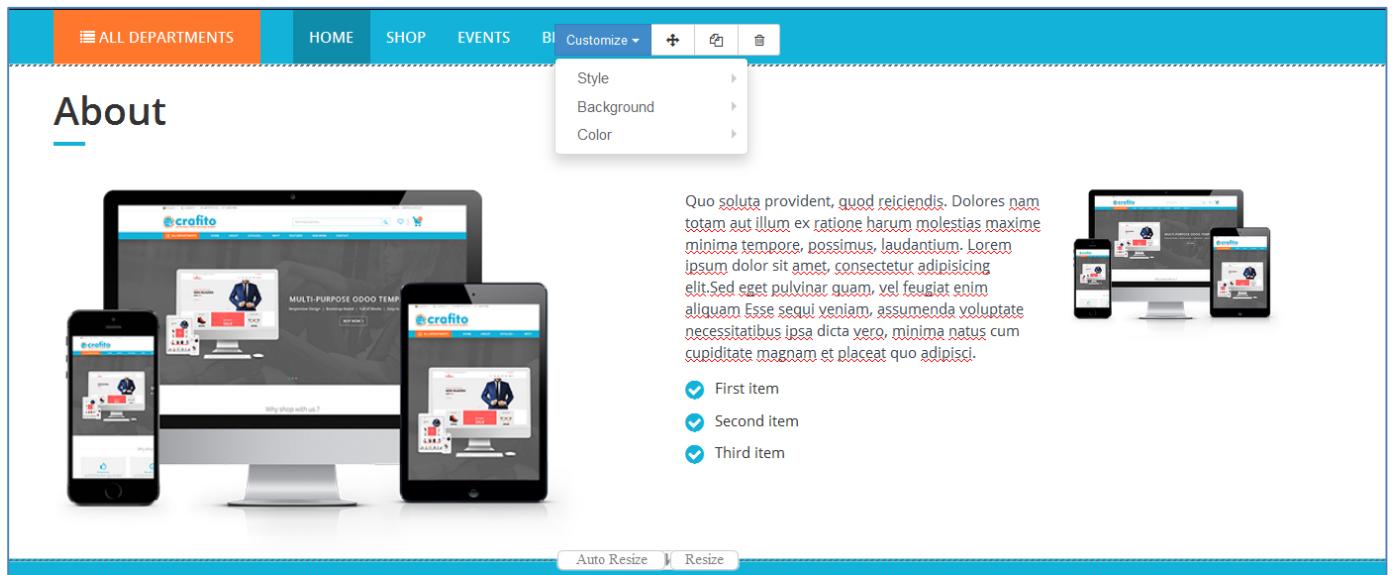

- About Company Snippet

The screenshot shows a web-based editor interface for creating a 'About Us' page. At the top, there's a navigation bar with tabs for 'ALL DEPARTMENTS', 'HOME', 'SHOP', 'EVENTS', and a 'Customize' dropdown menu. Below the navigation, the main content area has a title 'About Us' and some placeholder text. A floating context menu is open over the text, offering options like 'Style', 'Background', 'Color', 'Add New Tab', and 'Remove Current Tab'. In the bottom right corner of the content area, there's a large graphic of a hand pointing at a tablet screen, which displays a simplified version of the page design.

- About Us 2 Snippet

This screenshot shows a more advanced 'About Us' snippet. It features a title 'About' with a horizontal line underneath. On the left side, there's a section displaying three devices (a desktop computer, a smartphone, and a tablet) showing different views of the website. Below this, there's a list titled 'First item', 'Second item', and 'Third item', each preceded by a blue checkmark. To the right, there's a larger image showing the website's responsive design across four devices: a desktop monitor, a laptop, a tablet, and a smartphone. The website's header includes the 'crafito' logo and navigation links. A 'Customize' dropdown menu is visible at the top. At the bottom, there are buttons for 'Auto Resize' and 'Resize'.

- About Us 3 Snippet

## Step 5: Configuring About Me Snippet

- Go to Website -> Edit -> Insert Blocks -> About Me. Drag and drop About Me Snippet on the page where you want it.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
- You can customize every block of the snippet. You can click on any image to change the image or remove the image. You can also resize the image according to the need. Along with image you can also add Text, Document, Pictogram and Video to the snippet.

The screenshot shows a website's header with tabs for 'ALL DEPARTMENTS', 'HOME', 'SHOP', and 'EVENTS'. A 'Customize' button with a dropdown menu is visible. The main content area features a 'Features Snippet' for 'CRISTIANO LUIZ ART DIRECTOR'. The snippet includes a photo of a smiling man, a drawing of a person, and a title. Below the title is a block of placeholder text ('Lorem Ipsum'). To the right of the title are four circular icons representing 'HTML5', 'CSS3', 'Apple Platform', and 'Android Platform'. At the bottom, there are three boxes for 'PHOTOSHOP', 'ILLUSTRATOR', and 'PHOTOSHOP' each containing placeholder text.

## Step 6: Configuring Features Snippet

- Go to Website -> Edit -> Insert Blocks -> Special Features 1 / Special Features 2 / Special Features 3. Drag and drop any of the 3 Snippet on the page where you want it.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
- You can customize every block of the snippet. You can customize single feature block as well as combined feature block. You can click on any image to change the image or remove the image. Along with image you can also add Text, Document, Pictogram and Video to the snippet.

- Special Features 1

The screenshot shows a website interface with a blue header bar containing navigation links: ALL DEPARTMENTS, HOME, SHOP, EVENTS, and Customize. Below the header, there is a section titled "Features" with three cards:

- Beautiful Design**: Represented by a paintbrush icon. The text below reads: "Ut enim ad minim cupidatat non proident sunt in culpa qui officia deserunt mollit anim id est laborum."
- 100% Responsive**: Represented by a smartphone icon. The text below reads: "Ut enim ad minim cupidatat non proident sunt in culpa qui officia deserunt mollit anim id est laborum."
- Great Support**: Represented by a lifebuoy icon. The text below reads: "Ut enim ad minim cupidatat non proident sunt in culpa qui officia deserunt mollit anim id est laborum."

At the bottom of the feature section, there are two buttons: "Auto Resize" and "Resize".

- Special Features 2

The screenshot shows a website interface with a blue header bar containing navigation links: ALL DEPARTMENTS, HOME, SHOP, EVENTS, and Customize. Below the header, there is a section featuring several circular icons with computer monitor symbols, each accompanied by the text "Web Design" and a placeholder text block: "Lorem ipsum dolor sit amet, consectetur adipisicing elit." This pattern repeats across the page.

- Special Features 3

The screenshot shows a top navigation bar with tabs: ALL DEPARTMENTS, HOME, SHOP, and EVENTS. A 'Customize' dropdown menu is open, showing options: Style, Background, and Color. Below the navigation, there are three promotional snippets:

- RETURN & EXCHANGE**: Committed to return the money in 30 days.
- RECEIVE GIFT CARD**: Receive gift all over order \$50.
- ONLINE SUPPORT 24/7**: 24/7 online support is always ready.

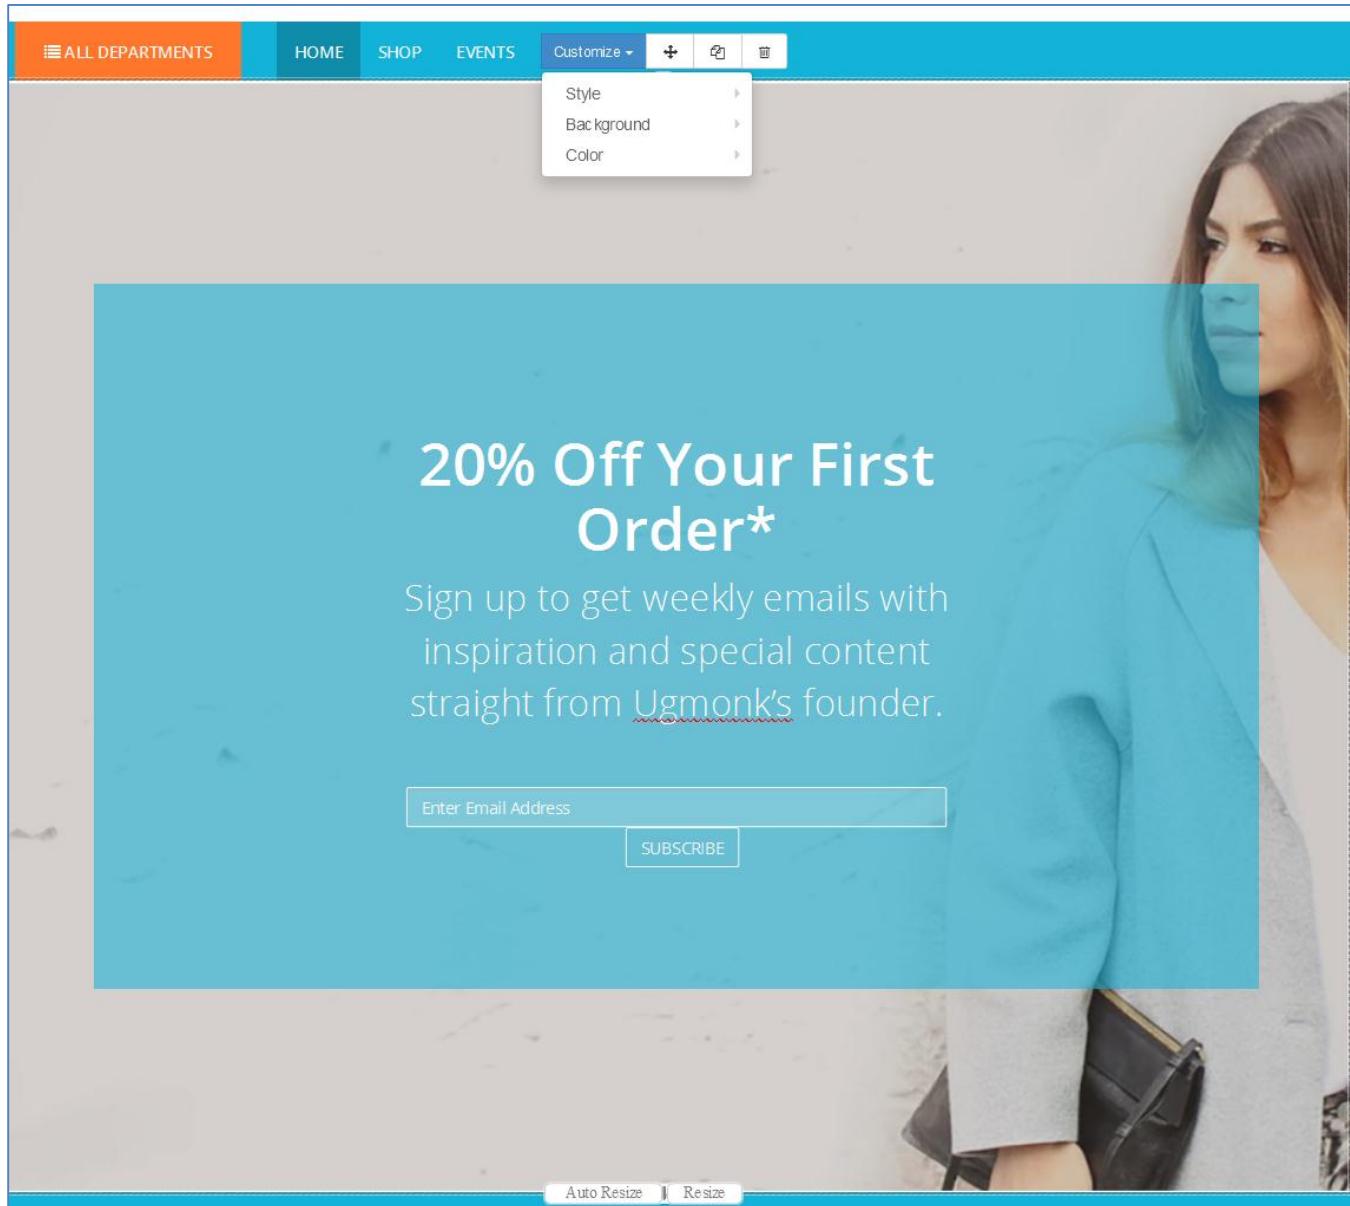

At the bottom of the snippet area are 'Auto Resize' and 'Resize' buttons.

### Step 7: Configuring News Letter Snippet

- Go to Website -> Edit -> Insert Blocks -> Subscribe / News Letter. Drag and drop any of the 2 Snippet on the page where you want it.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
- You can customize every block of the snippet. You can click on any image to change the image or remove the image. Along with image you can also add Text, Document, Pictogram and Video to the snippet.
- News Letter

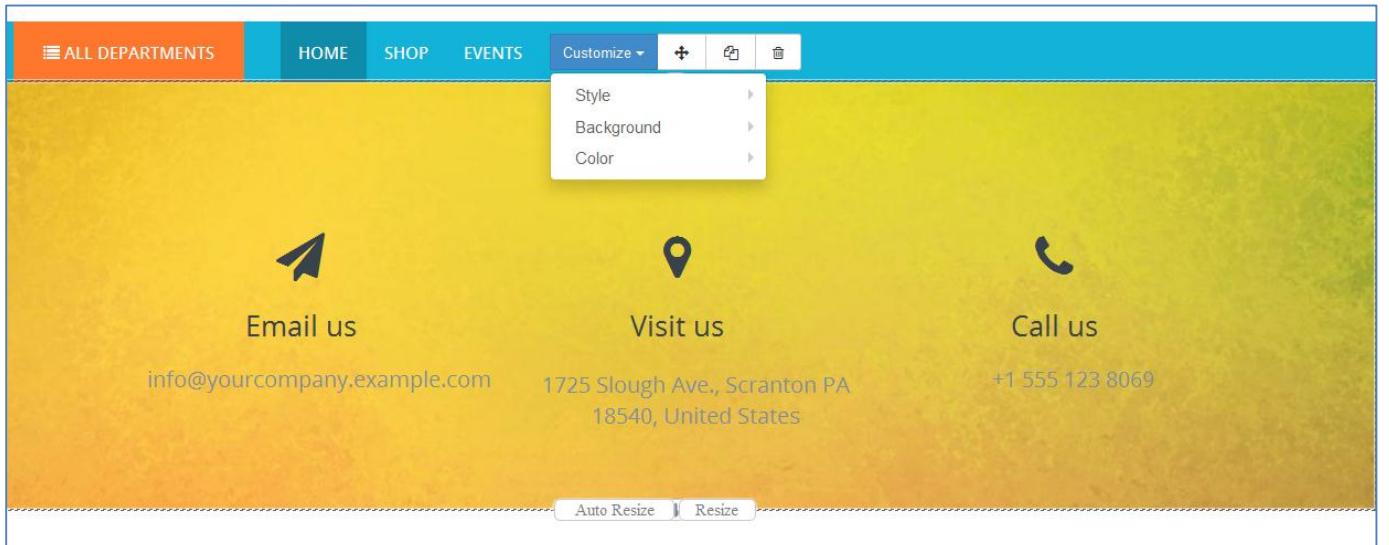

The screenshot shows a website page with a top navigation bar: ALL DEPARTMENTS, HOME, SHOP, and EVENTS. A 'Customize' dropdown menu is open, showing options: Style, Background, and Color. The main content area features a background image of a smiling man at a desk with a laptop and coffee cup. Overlaid on the image is the word 'Newsletter'. Below the image is a sign-up form with the text 'Subscribe to receive updates and exclusive offers.' and fields for 'Enter Email Address' and a 'SUBSCRIBE' button.

- Subscribe

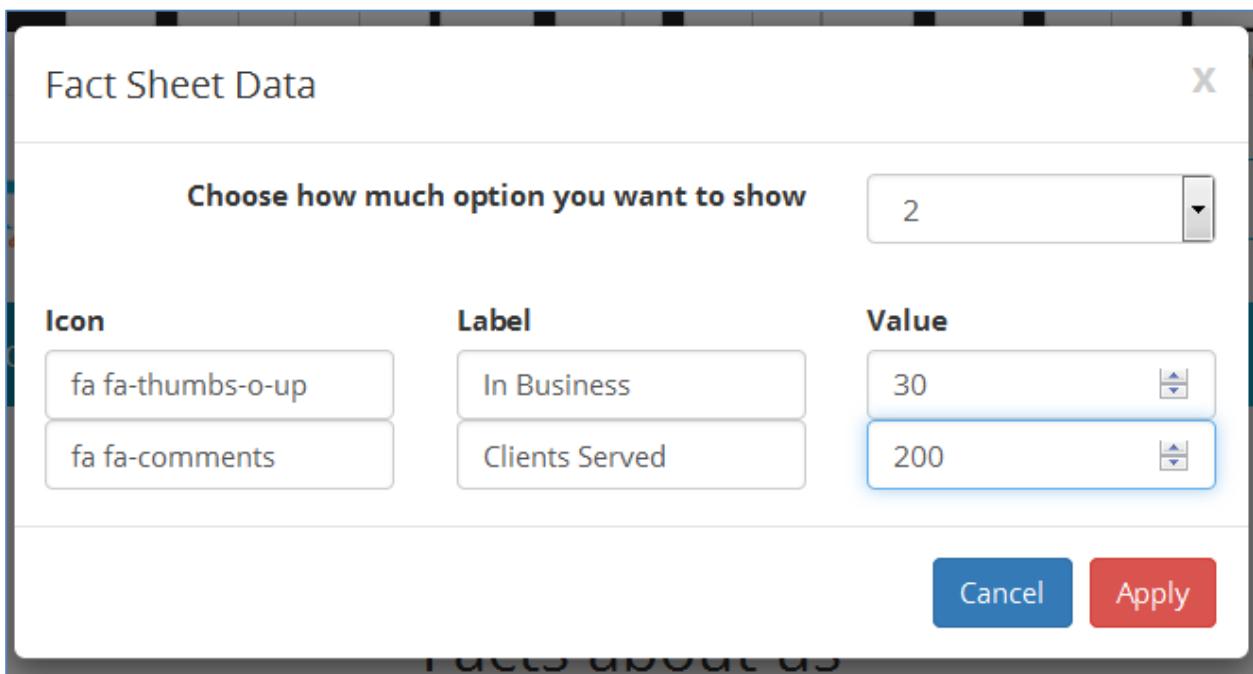

### Step 8: Configuring Contact Us Snippet

- Go to Website -> Edit -> Insert Blocks -> Contact Us. Drag and drop Contact Us Snippet on the page where you want it.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
- You can customize every block of the snippet. You can click on any image to change the image or remove the image. Along with image you can also add Text, Document, Pictogram and Video to the snippet.

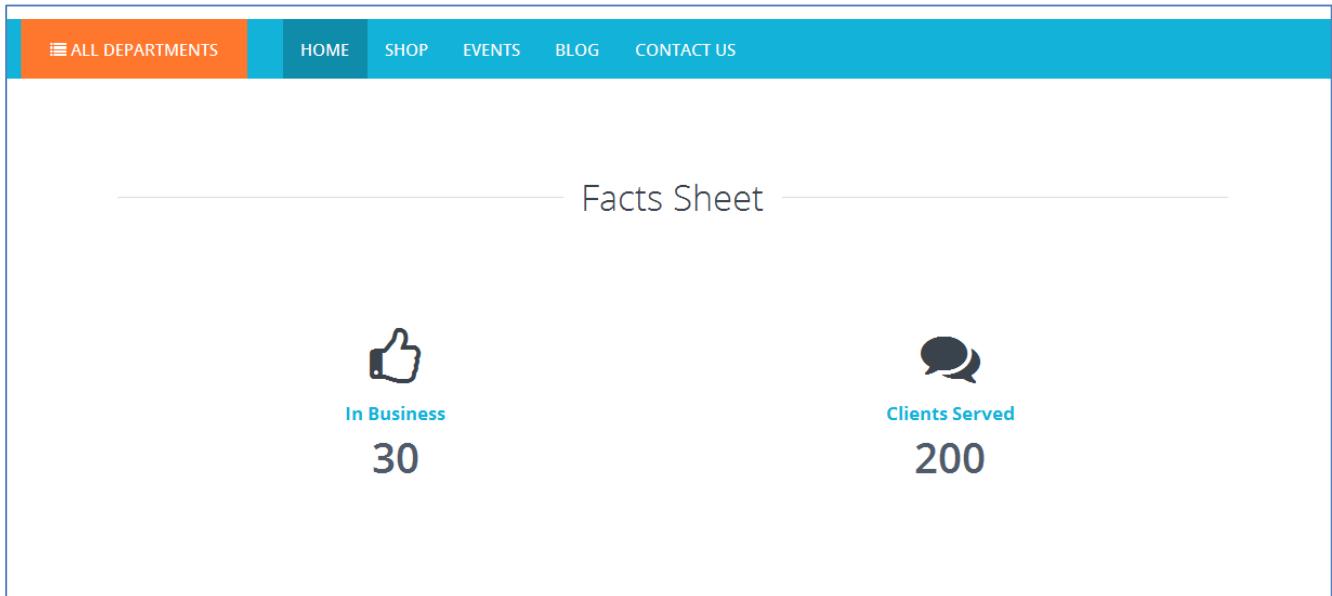

### Step 9: Configuring Fact Sheet Snippet

- Go to Website -> Edit -> Insert Blocks -> Facts Sheet. Drag and drop Fact Sheet Snippet on the page where you want it. Choose the Icons, Labels along with the number you want to display on the Fact Sheet.

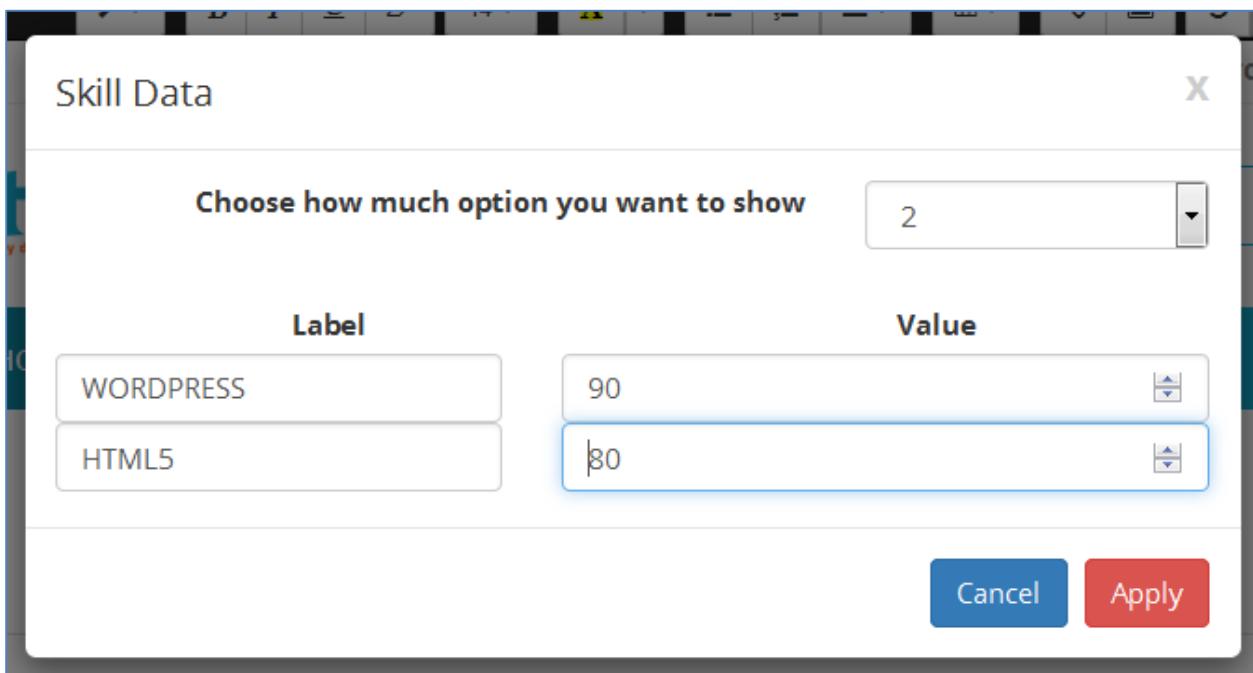

- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
- You can customize every block of the snippet. You can click on any image to change the image or remove the image. Along with image you can also add Text, Document, Pictogram and Video to the snippet.

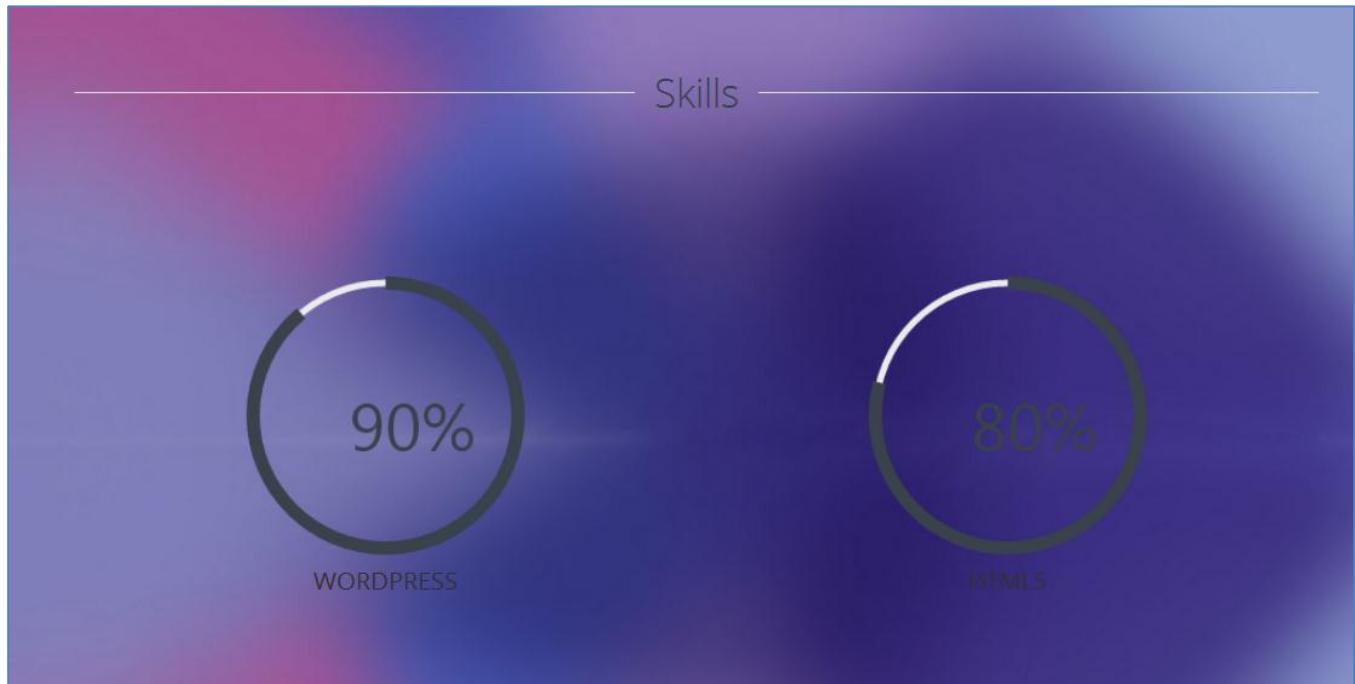

### Step 10: Configuring Skills Snippet

- Go to Website -> Edit -> Insert Blocks -> Skills. Drag and drop Skills Snippet on the page where you want it. Choose the Icons, Labels along with the number you want to display on the Skills.

- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
- You can customize every block of the snippet. You can click on any image to change the image or remove the image. Along with image you can also add Text, Document, Pictogram and Video to the snippet.

### **Step 11: Configuring Why Choose Us Snippet**

- Go to Website -> Edit -> Insert Blocks -> Why Choose Us. Drag and drop Why Choose US Snippet on the page where you want it. Choose the Icons, Labels along with the number you want to display on the Skills.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
- You can customize every block of the snippet. You can click on any image to change the image or remove the image. Along with image you can also add Text, Document, Pictogram and Video to the snippet.
- You can also customize accordion block data along with images, texts and other blocks.

### Step 15: Configuring Our Services Snippet

- Go to Website -> Edit -> Insert Blocks -> Emphasized Services / Our Services 1 / Our Services 2 / Our Services 3/ Our Services 4 / Service New. Drag and drop any of the 6 Snippet on the page where you want it.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
- You can customize every block of the snippet. You can customize single Service block as well as combined Service blocks. You can click on any image to change the image or remove the image. Along with image you can also add Text, Document, Pictogram and Video to the snippet.
- Our Services 1

The screenshot shows a website interface with a top navigation bar containing 'ALL DEPARTMENTS', 'HOME', 'SHOP', 'EVENTS', 'Customize', and various icons. Below this is a secondary navigation bar with links for 'HOME', 'PROFILE', 'MESSAGES', and 'SETTINGS'. The main content area features a light blue background with a white rectangular box containing the text: 'Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker, including versions of Lorem Ipsum.'

- Our Services 2

The screenshot shows a web application interface. At the top, there is a blue header bar with a navigation menu. Below the header is a yellow main area. On the left side of the yellow area, there is a vertical sidebar with four items: HOME, PROFILE, MESSAGES, and SETTINGS. A 'Customize' dropdown menu is open at the top right of the yellow area, showing options like Style, Background, and Color. At the bottom of the yellow area, there are two buttons: 'Auto Resize' and 'Resize'.

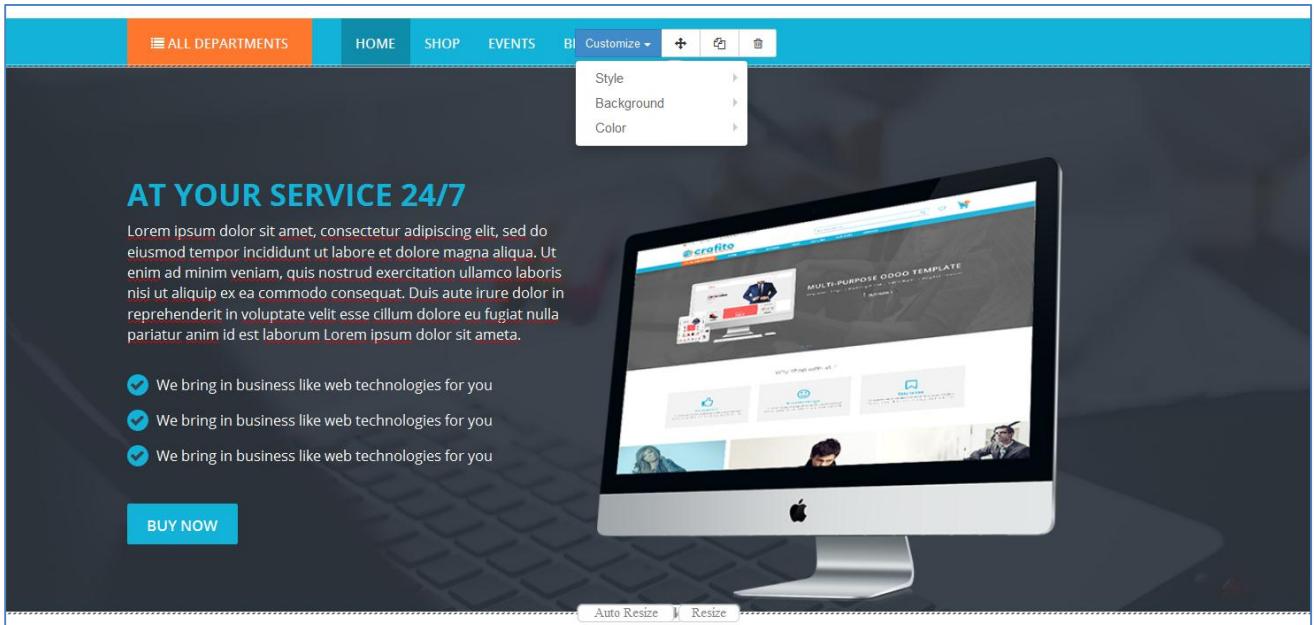

- Our Services 3

The screenshot shows a web application interface. At the top, there is a blue header bar with a navigation menu. Below the header is a blue main area. On the left side of the blue area, there is a vertical sidebar with four items: HOME, PROFILE, MESSAGES, and SETTINGS. In the center of the blue area, there is a text block containing placeholder text: "Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum."

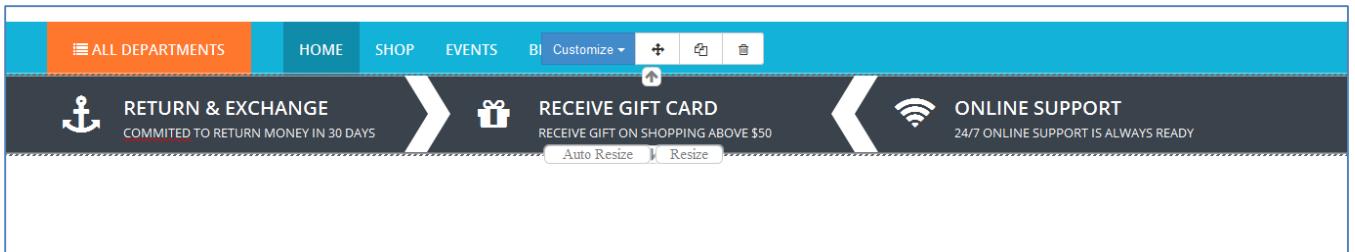

- Our Services 4

The screenshot shows a web application interface. At the top, there is a teal header bar with a navigation menu. Below the header is a teal main area. On the left side of the teal area, there is a vertical sidebar with four items: HOME, SHOP, EVENTS, and a 'Customize' dropdown. The first item in the sidebar is highlighted with a teal background and the text "She Sells Seashells". To the right of the sidebar, there is a text block: "That fall, as Nadia and Masha got shipped off to prison camps in Siberia, South Brooklyn tried to recover from the storm. My dad and I spent a lot of time in the same apartment engrossed in separate laptops, separate internet missives. He followed Russian news bloggers closely and would update me on troubling developments. A rise in protofascist nationalism". Below the text block are two tabs: "TAB 2" and "TAB 3". To the right of the text block is a large image of a woman sitting on the ground in a forest, looking down at something in her hands.

- Service New

## Step 16: Configuring Multi Product Slider Snippet

- Go to Website -> Edit -> Insert Blocks -> Multi Product Slider. Drag and drop Multi Product Slider Snippet on the page where you want it.
- Select the Type of slider which you want to display on the page.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.

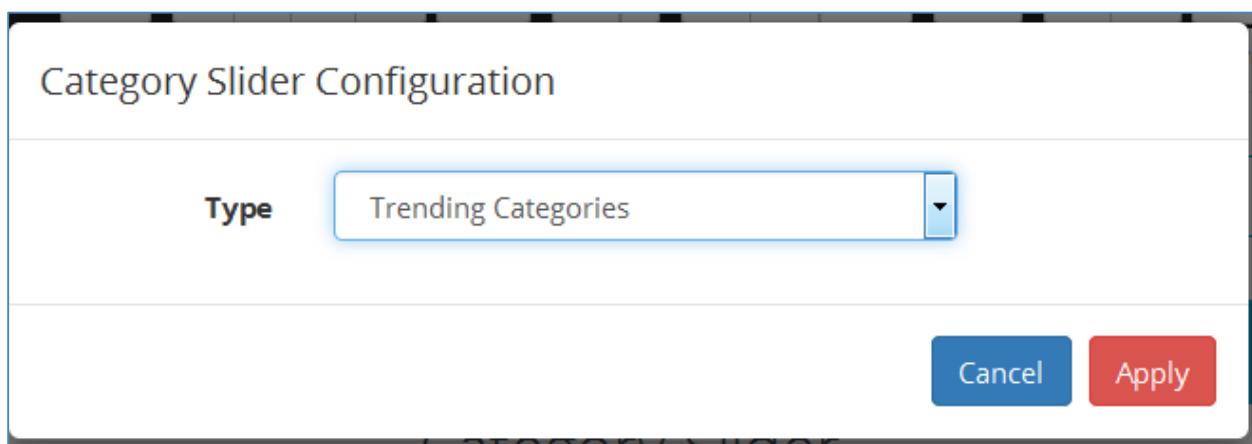

➤ **Managing Slider Configurations:**

- Go to Sales -> Slider Configurations -> Multi Product Slider Configurations. Click on **Create** button to create a new slider category.
- Set Following attributes to display Multi Product Slider on website.
  - **Slider Name:** Slider Name
  - **Auto Rotate Slider:** Enable this to set slider on Auto Rotation
  - **Slider Sliding Speed:** Manage Slider Speed if set on Auto Rotation
  - **No. Of Collections to Show:** Number of collections that are displayed on the page.
  - **Collection Name:** Name of the Collection
  - **Product Collection:** Set products which are displayed in the collection.
  - **Special Offer Product for Collection:** Set special product which will be displayed in the collection

## Step 17: Configuring Category Slider Snippet

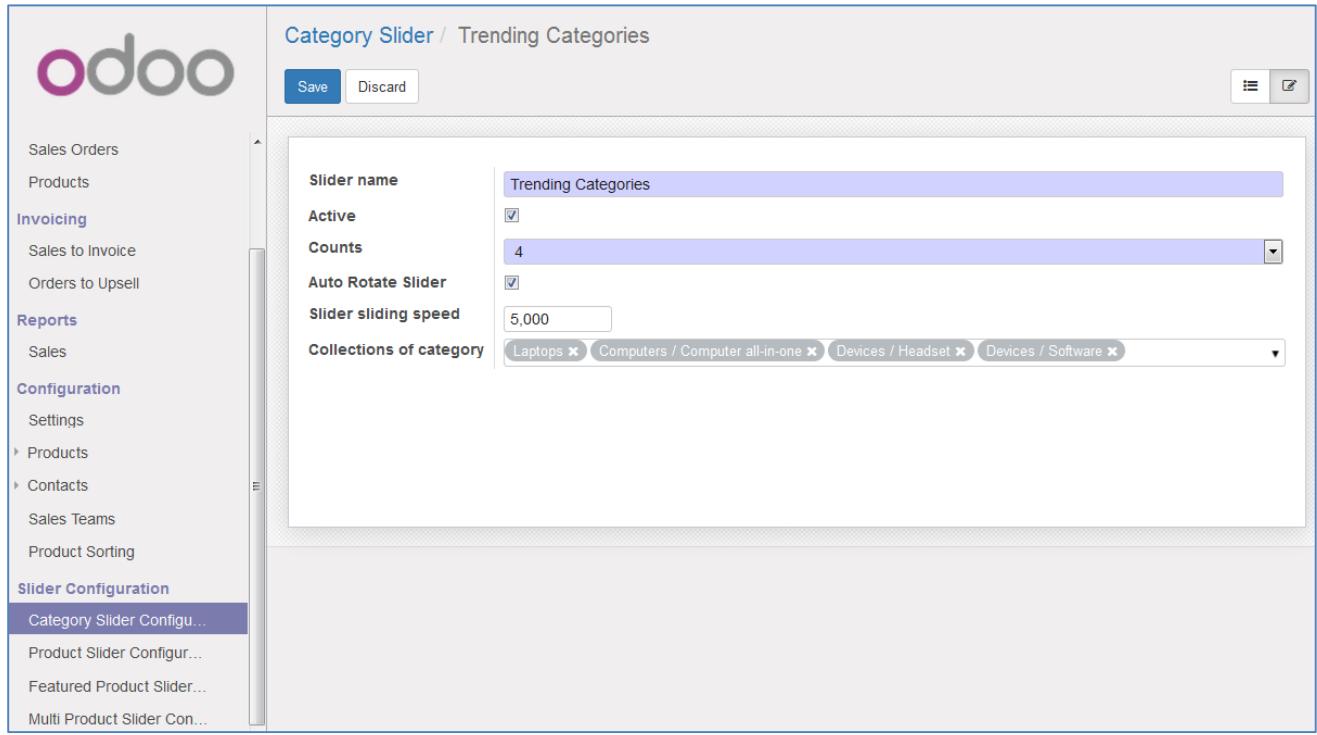

- Go to Website -> Edit -> Insert Blocks -> Category Slider. Drag and drop Category Slider Snippet on the page where you want it.
- Select the Type of slider which you want to display on the page.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.

### ➤ Managing Slider Configurations:

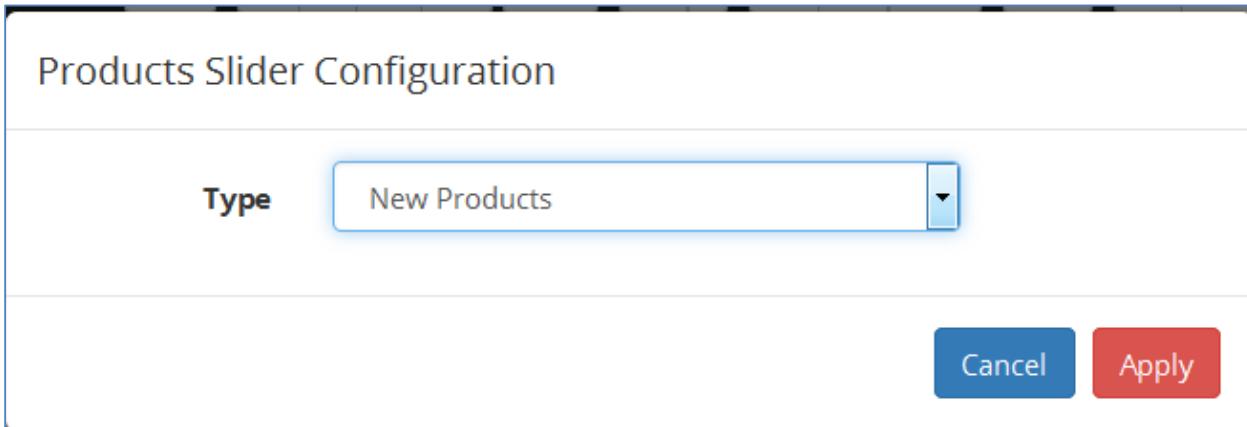

- Go to Sales -> Slider Configurations -> Category Slider Configurations. Click on **Create** button to create a new slider category.
- Set Following attributes to display Category Slider on website.
  - **Slider Name:** Slider Name

- **Counts:** Number of Categories to display on the page.
- **Auto Rotate Slider:** Enable this to set slider on Auto Rotation
- **Slider Sliding Speed:** Manage Slider Speed if set on Auto Rotation
- **Collection of Category:** Add the categories which are needed to be added in the collection.

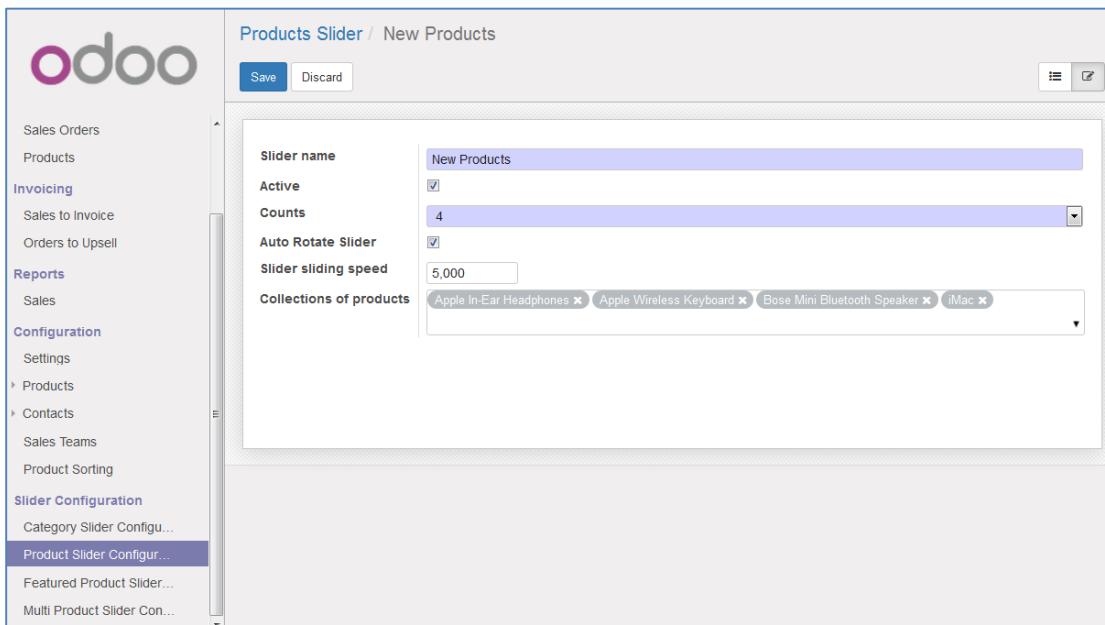

## Step 18: Configuring Products Slider Snippet

- Go to Website -> Edit -> Insert Blocks -> Products Slider. Drag and drop Products Slider Snippet on the page where you want it.
- Select the Type of slider which you want to display on the page.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.

➤ **Managing Slider Configurations:**

- Go to Sales -> Slider Configurations -> Products Slider Configurations. Click on **Create** button to create a new slider category.
- Set Following attributes to display Category Slider on website.
  - **Slider Name:** Slider Name
  - **Counts:** Number of Categories to display on the page.
  - **Auto Rotate Slider:** Enable this to set slider on Auto Rotation
  - **Slider Sliding Speed:** Manage Slider Speed if set on Auto Rotation
  - **Collection of Products:** Add the products which are needed to be added in the collection.

### Step 19: Configuring Featured Products Slider Snippet

- Go to Website -> Edit -> Insert Blocks -> Featured Products Slider. Drag and drop Featured Products Slider Snippet on the page where you want it.
- Select the Type of slider which you want to display on the page.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.

## Featured Products Slider Configuration

Cancel Apply

### ➤ Managing Slider Configurations:

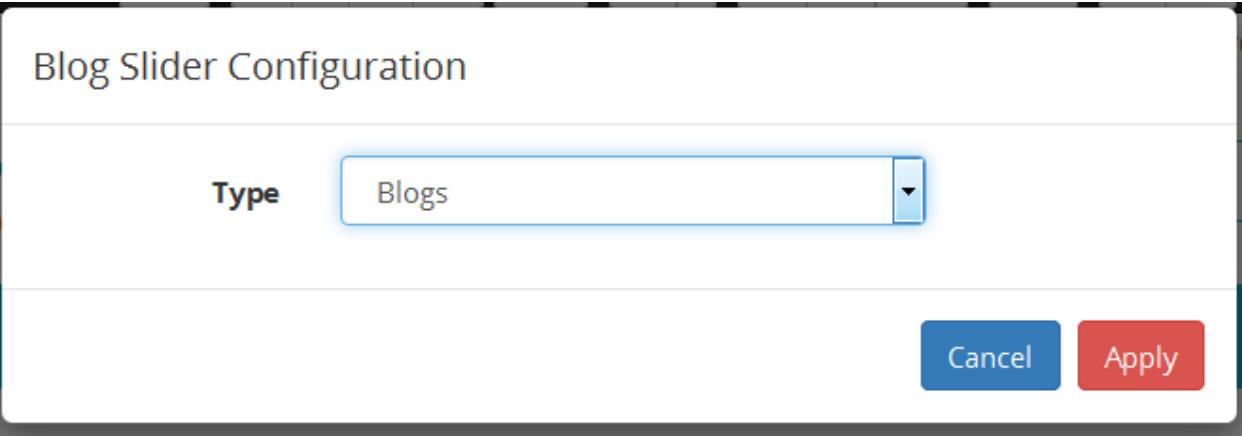

- Go to Sales -> Slider Configurations -> Featured Products Slider Configurations. Click on **Create** button to create a new slider category.
- Set Following attributes to display Category Slider on website.
  - **Slider Name:** Slider Name
  - **Slider Label:** Set the label for the slider
  - **Products Collection:** Set the products displayed in the slider.

The screenshot shows the Odoo application interface for managing a 'Featured Products Slider'. The left sidebar contains a navigation menu with items like Sales Orders, Products, Invoicing, Reports, Configuration, and Slider Configuration. Under Slider Configuration, 'Featured Product Slider...' is selected. The main window title is 'Featured Products Slider / My Products Slider'. It features a 'Save' and 'Discard' button at the top. Below is a form with several fields:

- Name: My Products Slider
- Active: checked
- Slider Label: Featured Products
- Products Collections: Apple In-Ear Headphones, Bose Mini Bluetooth Speaker
- Slider Label: On Sale
- Products Collections: iMac, Basic Computer
- Slider Label: Random Products
- Products Collections: Apple Wireless Keyboard, Computer Case
- Slider Label: Low Price
- Products Collections: iPad Mini, iPad Retina Display

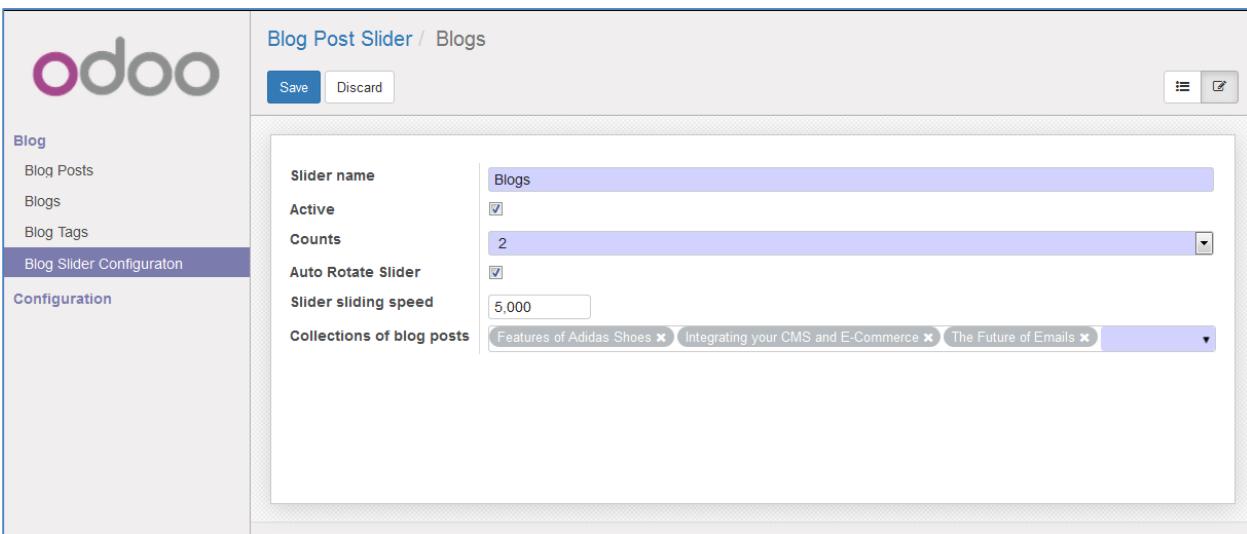

## Step 20: Configuring Blog Slider snippet

- Go to Website -> Edit -> Insert Blocks -> Blog Slider / News 1 / News 2 / News 3. Drag and drop Any of the 4 Snippet on the page where you want it.
- Select the type of Blog which you want to display from the menu.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.

#### ➤ Adding Blogs to the Snippet

- Go to Website Admin-> Blog -> Blog Slider Configuration Click on **Create** button to create a new Blog category.
- Set Following attributes to display Blog Slider on website.
  - **Slider Name:** Slider Name
  - **Slider Label:** Set the label for the slider
  - **Products Collection:** Set the products displayed in the slider.
  - **Collection of Blog Posts:** Add the Blogs which are needed to be added in the collection.

#### ➤ **Changing Cover for The Blog**

- Go to Website -> Blog. Click on any blog of which you want to change cover.
- Click on **Edit -> Customize -> Change Cover** to change the cover of the blog page.

## Step 21: Configuring Client Slider snippet

- Go to Website -> Edit -> Insert Blocks -> Our Clients / Partner. Drag and drop Our Clients / Partner Snippet on the page where you want it.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.

### ➤ Adding Clients to the Snippet

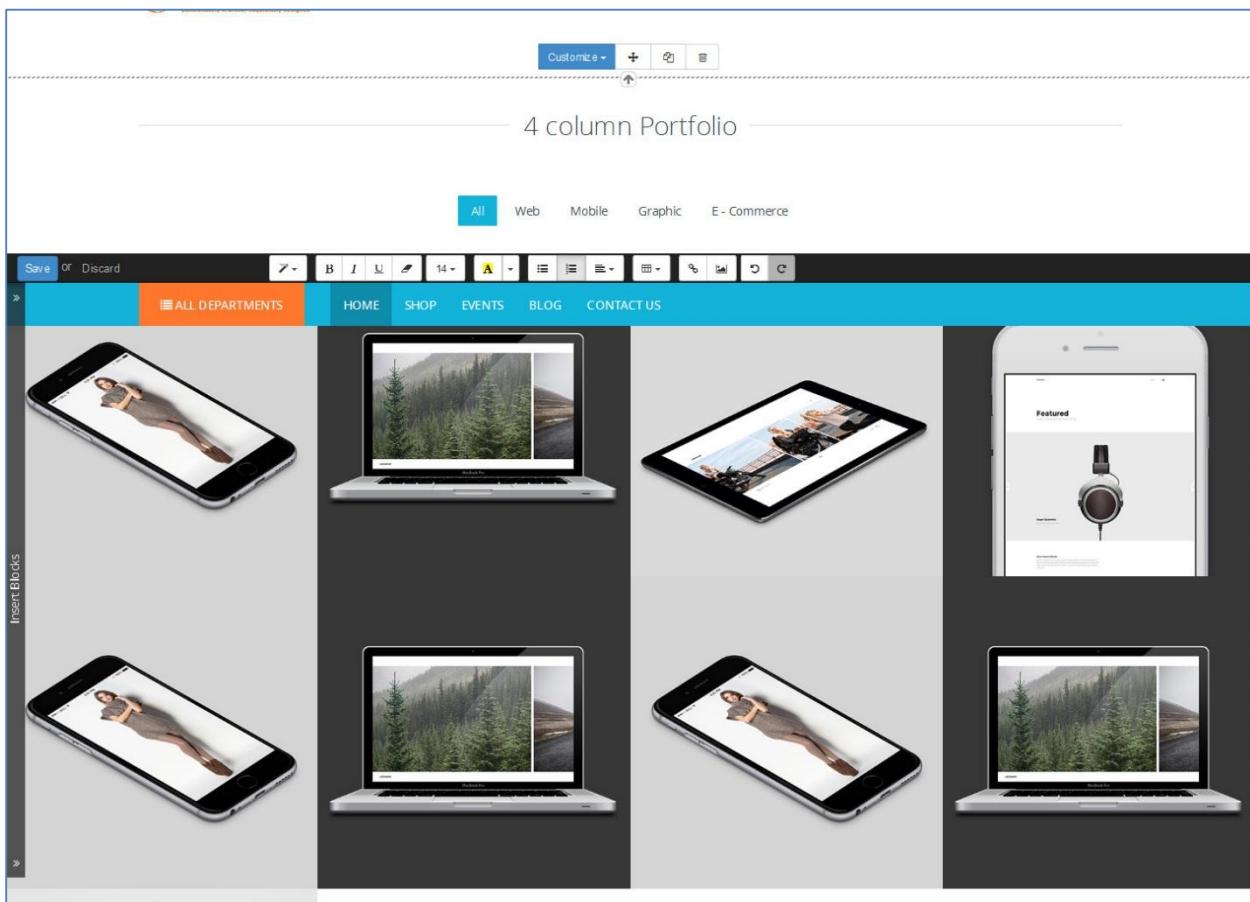

- Go to Sales -> Customers. Click on the customer which you want to add in the snippet.
- Click on **Edit** and Enable **Add to client slider** option.

The screenshot shows the Odoo Customer Record Editor for the company 'Agrolait'. At the top, there are 'Save' and 'Discard' buttons, and a navigation bar with icons for back, forward, and search. Below the header, the customer details are displayed: 'Individual' selected, 'Company' as an option, the company name 'Agrolait' in a large purple box, and a summary box showing 'Not Archived', 'Published On Website', '\$ 1,175.00 Invoiced', and '2 Sales'. The main form contains fields for Address (Address: 69 rue de Namur, Street: 2..., City: Wavre, State: 1300, Country: Belgium), Phone (Number: +32 10 588 558), Mobile, Fax, Email (agrolait@yourcompany.example.com), Language (Language dropdown), Tags (Components Buyer, Partner / IT Services), and an 'Add to client slider' checkbox which is checked. The 'Website' field contains the URL <http://www.agrolait.com>.

## Step 22: Configuring Showcase Snippet

- Go to Website -> Edit -> Insert Blocks -> Showcase / Showcase 4 Column / Showcase 2 Column. Drag and drop any of the 3 Snippet on the page where you want it.
  - Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
  - You can customize every block of the snippet. You can customize single Showcase block as well as combined Showcase blocks. You can click on any image to change the image or remove the image. Along with image you can also add Text, Document, Pictogram and Video to the snippet. You can also change images of the multiple tabs as per requirement.
- 
- Showcase 4 Column

- Showcase

The screenshot illustrates a user interface for a website builder or theme editor. At the top, there's a toolbar with options like 'Save' or 'Discard', font styles (B, I, U), text size (14), alignment (A), and other layout tools. Below the toolbar is a navigation bar with 'ALL DEPARTMENTS' (highlighted in orange), 'HOME', 'SHOP', 'EVENTS', 'BLOG', and 'CONTACT US'. Underneath the navigation is a filter bar with 'All', 'Web', 'Mobile', 'Graphic', and 'E-Commerce'. The main content area is a 3x3 grid of device mockups. Each device shows a different view of a website. The top row includes a smartphone showing a woman in a dress, a laptop showing a forest scene, and a tablet showing a person on a balcony. The middle row includes a white smartphone showing a 'Featured' section with headphones, a black smartphone showing the same woman in a dress, and a laptop showing the forest scene again. The bottom row includes a black smartphone showing the woman in a dress, a laptop showing the forest scene, and a tablet showing a grid of product cards. A sidebar on the left says 'Insert Blocks'.

- Showcase 2 Column

The image displays a 2-column portfolio website layout. At the top, a navigation bar includes links for 'ALL DEPARTMENTS' (highlighted in orange), 'HOME', 'SHOP', 'EVENTS', 'Customize', and various icons. Below the navigation, the title '2 column Portfolio' is centered. A filter menu shows categories: 'All' (gray), 'Web' (blue, selected), 'Mobile' (gray), 'Graphic' (gray), and 'E-Commerce' (gray). The left column features a smartphone displaying a fashion app interface with a woman in a dress. The right column features a laptop showing a landscape image and a desktop phone showing a product page for 'Beyerdynamic' headphones.

## Step 23: Configuring Our Team Snippet

- Go to Website -> Edit -> Insert Blocks -> Our Team 1 / Our Team 2 / Our Team 3. Drag and drop any of the 3 Snippet on the page where you want it.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.

### ➤ Adding Team Members to the Snippet

- Go to Employees. Click on the employee which you want to add in the snippet.
- Click on **Edit** and go to **Slider Configuration** and click on **Enable to make the employee visible in snippet** option.

The screenshot shows the Odoo interface for editing an employee. The top navigation bar includes 'Employees / Famke Jenssens', 'Save' and 'Discard' buttons, and a page number '4 / 22'. On the left, there's a sidebar with 'Departments' and 'Employees'. The main form displays an employee photo, the name 'Famke Jenssens', and a checkbox labeled 'Not Archived'. Below the name, there's a dropdown menu set to 'e.g. Part Time'. A tab bar at the bottom includes 'Public Information', 'Personal Information', 'HR Settings', and 'Slider Configuration'. Under 'Slider Configuration', there's a checked checkbox for 'Enable to make the employee visible in snippet'. Below this, there are fields for 'Twitter account' (with value 'https://twitter.com/Odoo'), 'Facebook account' (with value 'https://www.facebook.com/Odoo'), and 'Linkedin account' (with value 'https://www.linkedin.com/company/odoo'). There's also a 'Short description about employee' field with a rich text editor icon.

- Our Team 1

The screenshot shows a website layout with a navigation bar at the top. The navigation bar includes links for 'ALL DEPARTMENTS' (highlighted in orange), 'HOME', 'SHOP', 'EVENTS', 'BLOG', and 'CONTACT US'. Below the navigation bar, there are four team member profiles, each enclosed in a blue rectangular box:

- Antoine Langlais**  
Chief Technical Officer
- Ashley Presley**  
Human Resources Manager  
  
Social media icons for Facebook, Twitter, and LinkedIn are visible.
- Famke Jenssens**  
Marketing and Community Manager
- Gilles Gravie**  
Experienced Developer

- Our Team 2

The screenshot shows a website layout with a navigation bar at the top. Below the navigation bar, there are four team member portraits arranged in a horizontal grid:

- 
- 
- 
- 

Below each portrait, there is a caption and social media links:

- Antoine Langlais**  
Chief Technical Officer
- Ashley Presley**  
Human Resources Manager
- Famke Jenssens**  
Marketing and Community Manager
- Gilles Gravie**  
Experienced Developer

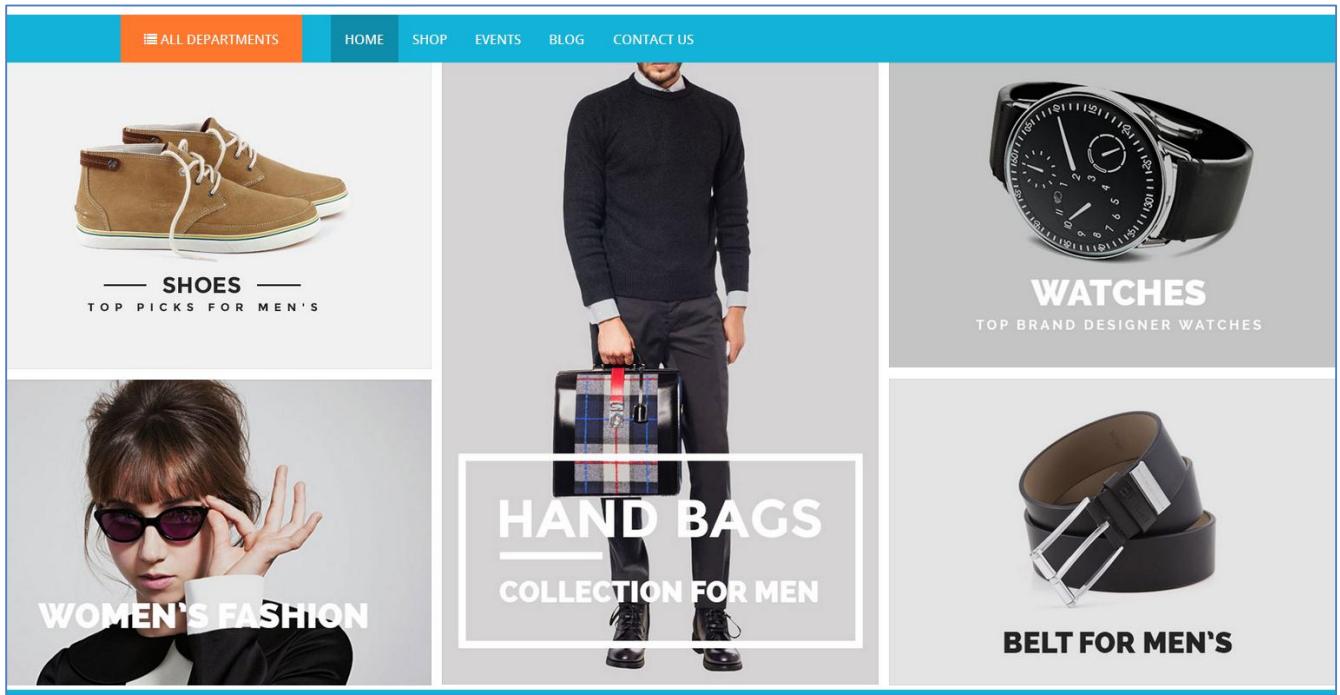

- Our Team 3

The screenshot shows a dark-themed website section titled "Our Team 3". It features two team members: Ley Presley and Famke Jenssens.

- Ley Presley:** Her name is in large blue text. Below it, "Human Resources Manager" is written in smaller white text. To her right is a small profile picture of a woman with long brown hair, smiling. Below the photo are three social media icons: Facebook, Twitter, and LinkedIn.
- Famke Jenssens:** Her name is in large blue text. Below it, "Marketing and Community Manager" is written in smaller white text. To her right is a small profile picture of a man with short brown hair, smiling. Below the photo are three social media icons: Facebook, Twitter, and LinkedIn.

#### Step 24: Configuring Promo Block Snippet

- Go to Website -> Edit -> Insert Blocks -> Promo Block. Drag and drop Promo Block Snippet on the page where you want it.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
- You can customize every block of the snippet. You can customize single product block as well as combined product blocks. You can click on any image to change the image or remove the image. Along with image you can also add Text, Document, Pictogram and Video to the snippet.

### Step 25: Configuring Text and Image Blocks

- Go to Website -> Edit -> Insert Blocks -> Text + Image / Image + Text. Drag and drop any of the 2 Snippet on the page where you want it.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
- You can customize text and images of the block. Image will be set as the background of the snippet. You can add text as well as button to the snippet which will be used to navigate customer to specific product page.

- Text + Image

## Step 26: Configuring Collection Snippet

- Go to Website -> Edit -> Insert Blocks -> Collection. Drag and drop Collection Snippet on the page where you want it.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
- You can customize every block of the snippet. You can customize single collection block as well as combined Collection block. You can click on any image to change the image or remove the image. Along with image you can also add Text, Document, Pictogram and Video to the snippet.
- You can set button for your customer to navigate him / her directly to the collection Page.

## Step 27: Configuring FAQ Snippet

- Go to Website -> Edit -> Insert Blocks -> FAQ 1 / FAQ 2 / FAQ 3. Drag and drop any of the 3 Snippet on the page where you want it.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
- You can customize every block of the snippet. You can customize single collection block as well as combined Collection block. You can click on any image to change the image or remove the image. Along with image you can also add Text, Document, Pictogram and Video to the snippet.
- You can set button for your customer to navigate him / her directly to the collection Page. You can also change images and content of the multiple tabs as per requirement. You can also add / remove tabs if required.

- FAQ 1

What is Lorem Ipsum?

**Q** Lorem ipsum is simply dummy text of the printing and typesetting industry. **Q** Lorem ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing **Q** Lorem ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of **Q** Lorem ipsum.

- FAQ 3

## Step 28: Advance Mega Menu Settings

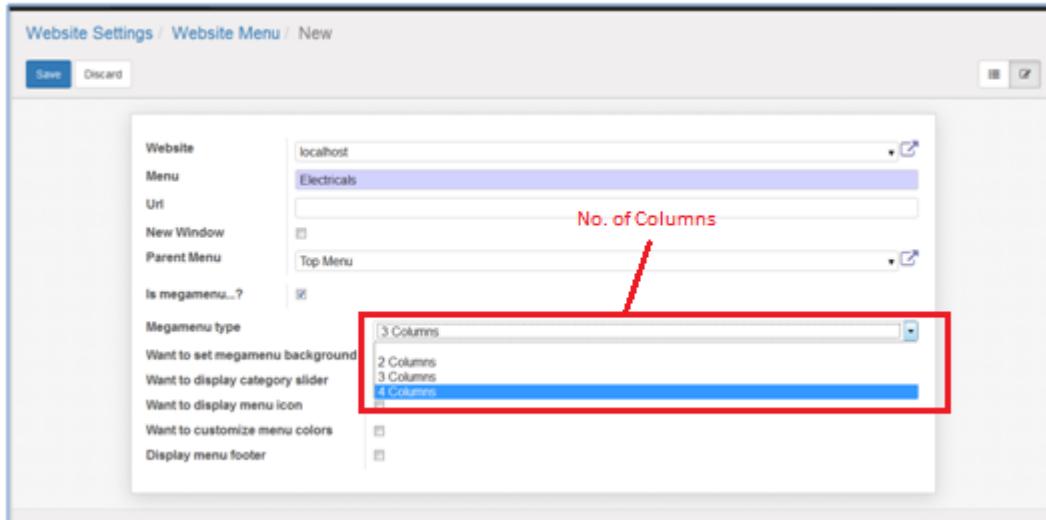

### Step 28.1: Creating Mega Menu

- Go to Website Admin -> Configuration -> Menu -> Configure Website Menus. In this you will find **Create** Button. Click on it to create a menu.
- There you will have options to add Web Site, Menu Name, URL for Menu, Option to open menu in new window, Parent Menu & If the new menu is mega menu or not.

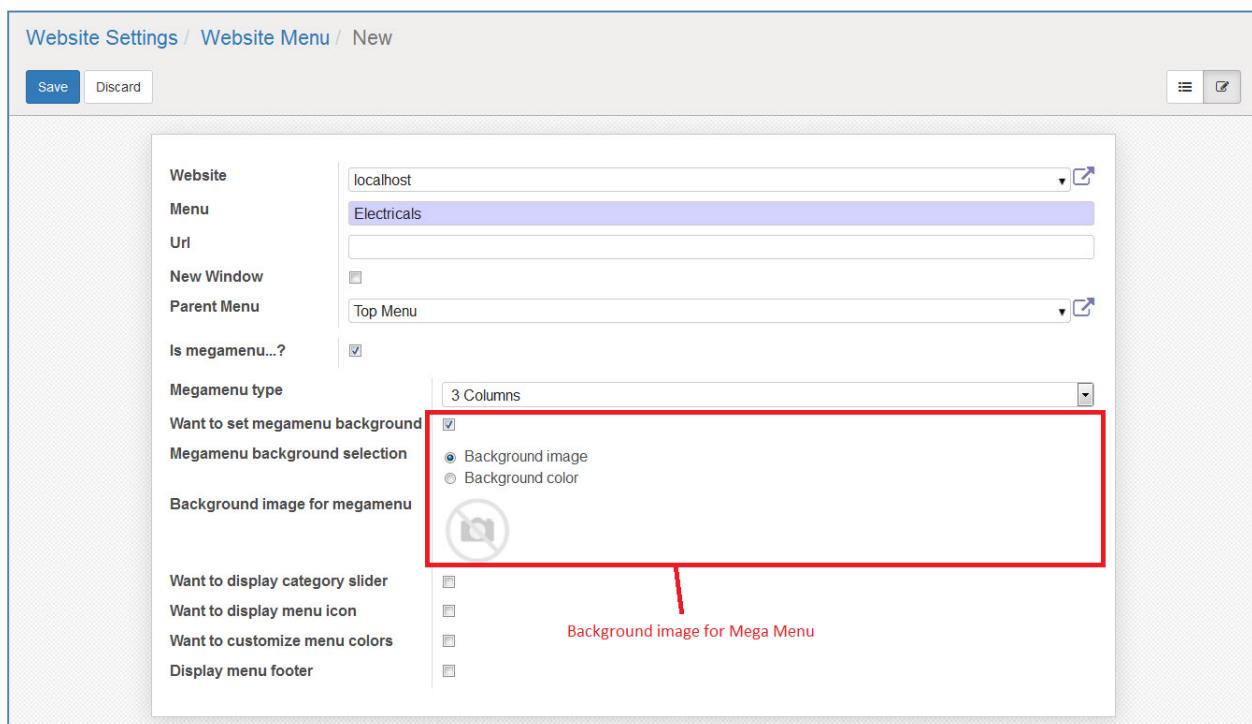

The screenshot shows the 'Website Settings / Website Menu / New' configuration screen. It has fields for 'Website' (localhost), 'Menu' (Electricals), 'Url' (empty), 'New Window' (unchecked), 'Parent Menu' (Top Menu), and 'Is megamenu...?' (unchecked). A red box highlights the 'Parent Menu' field. A red arrow points from the text 'Option to create Mega Menu & Give Parent Menu Name.' to the 'Parent Menu' field.

## Step 28.2: Mega Menu Configuration

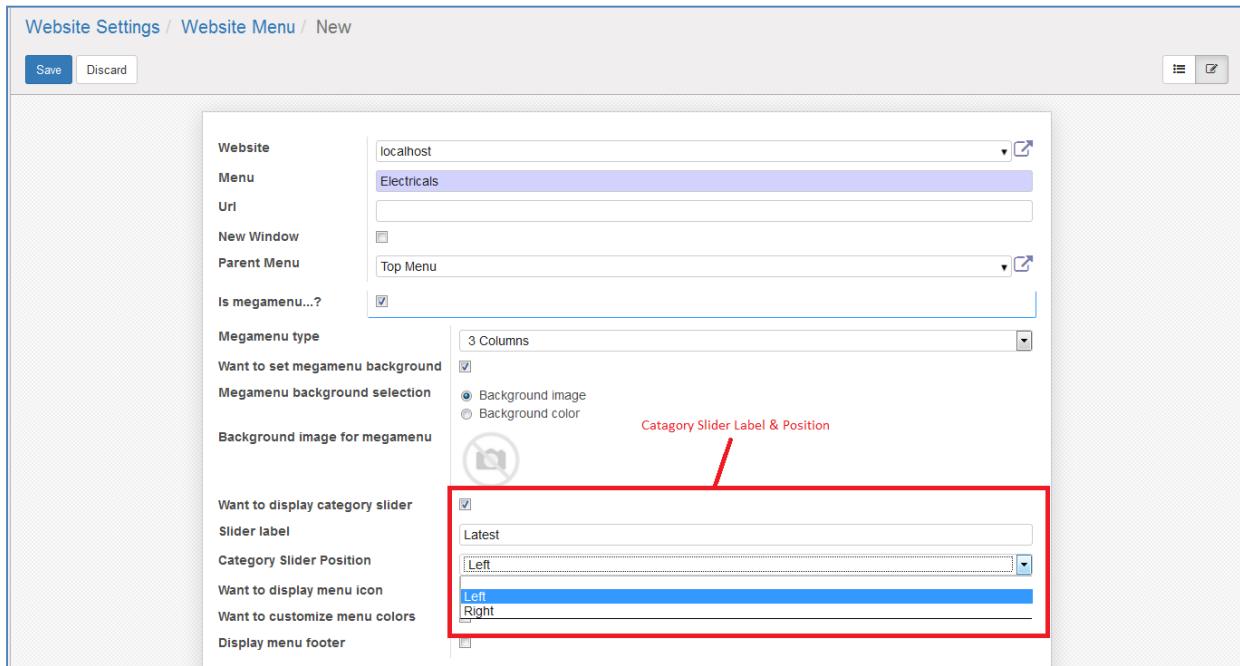

- Select **Is megamenu...?** Option to create mega menu & give configurations as required.
- You can directly add URL for the Mega Menu and can also add it in New Window.
- **Mega Menu Type:** No. of columns needed in Mega Menu.

- **Mega Menu Background:** If you want background in Mega Menu you can set it from here. It can be Image or Color.
  - **For Image:** You have to upload image and it will be set in mega menu.
  - **For Color:** Hash code of color is needed to define background color.

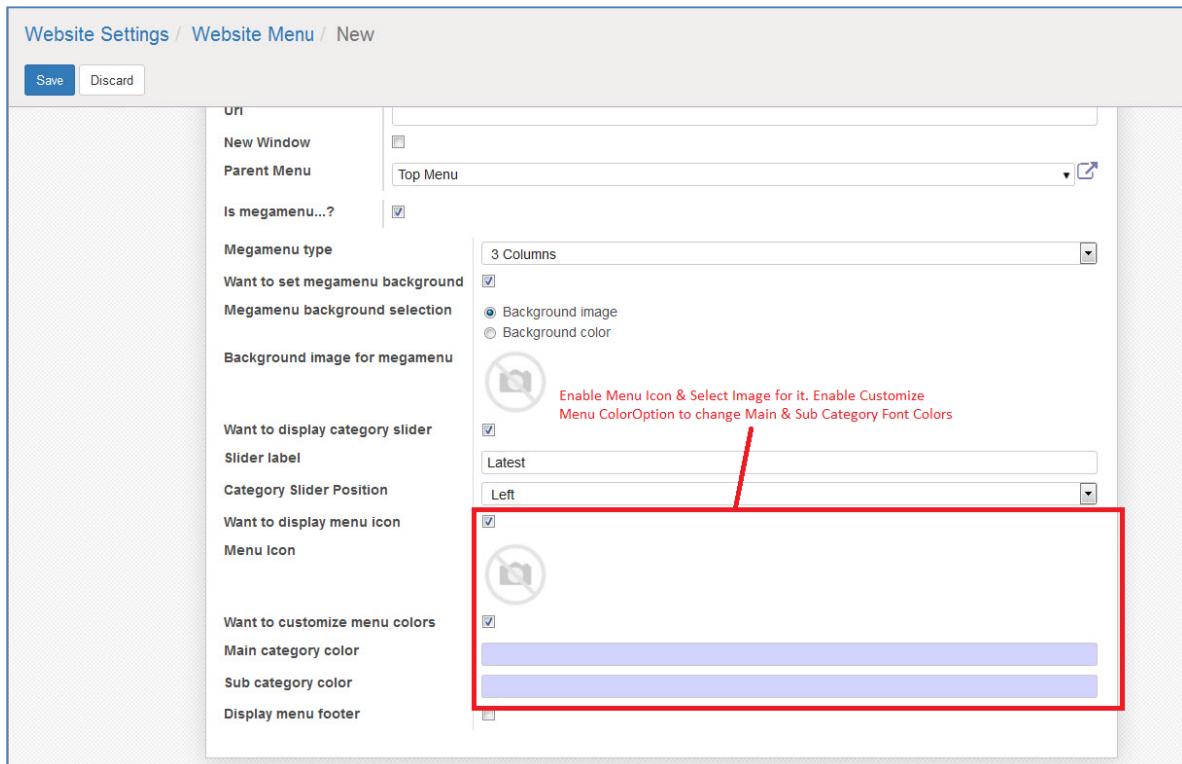

- **Category Slider:** To display category slider, select **display category slider** option & additional functionalities like Slider label & Position will be displayed.

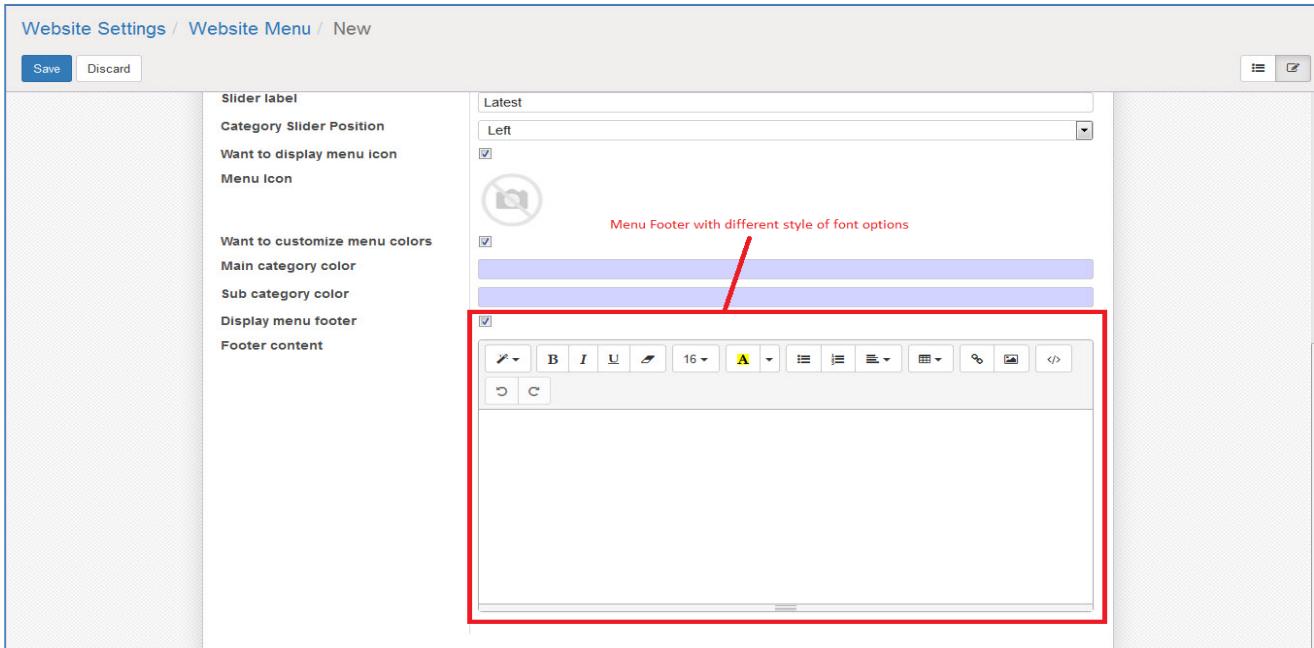

- **Menu Icon & Colors:**

- To give icon to menu select option Display Menu Icon and upload image for the menu.
- To change font Color for Categories & Subcategories, enable Customize Menu Color Option & give hash code for Main & Sub Category Fonts.

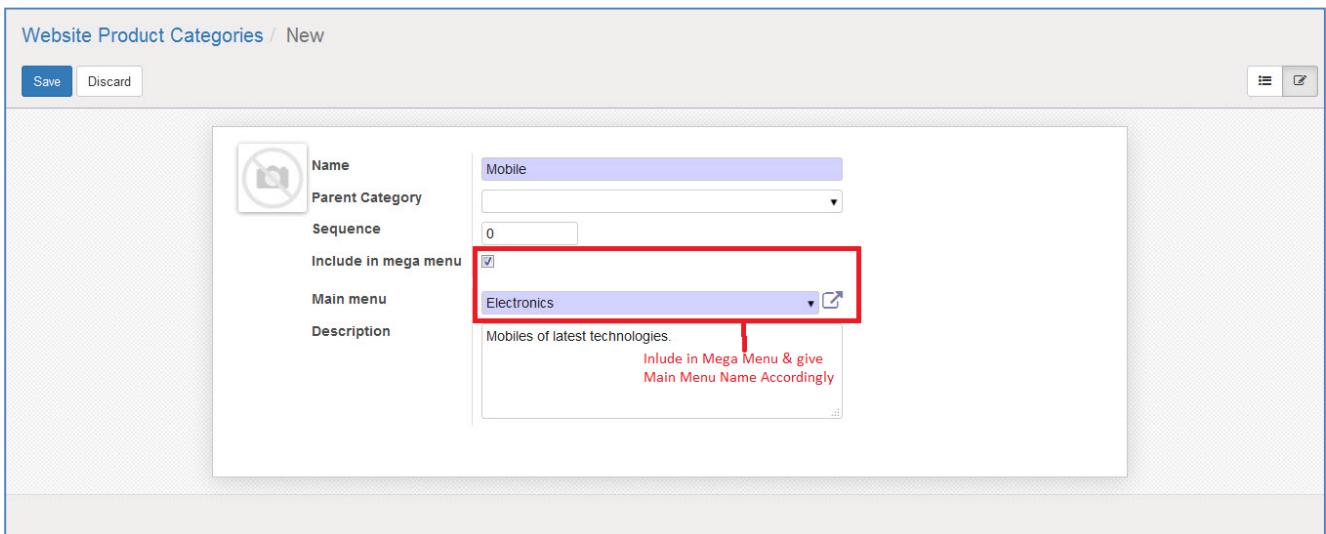

- **Menu Footer:**

- To display menu footer enable Display Menu Footer option and give text for the footer.

### Step 28.3: Mega Menu Categories & Sub Categories

- Go to Sales -> Products -> Web Site Product Categories. In this you will find Create Button. Click on it to create a Product Category.
  - **To create Main Category:** Give Name of category, Click on Include in Megamenu Option, Give Main Menu as the menu in which you want to create category in. You can also give sequence No. for deciding sequence in Mega menu list.

- **To create Sub Category:** Give Name of category and give category name in which you want to create sub category in. You can also give sequence No. for deciding sequence in Category List.

Name & Parent Category Name

## Step 29: Product Image Gallery Configurations

### Step 29.1: Creating New Product

- Go to Sales -> Products. In this you will find **Create** Button. Click on it to create a New Product.
- There you will have options to **add Multiple Images**. After clicking that you can set multiple images for the product.

Products / iPhone 5s

Save or Discard 1 / 40

	Product Name <b>iPhone 5s</b>	Sales 0
<input checked="" type="checkbox"/> Can be Sold		Multiple product image tab
<input checked="" type="checkbox"/> Add Multiple Images?		
Information	Procurements Inventory Sales Variants Accounting	<b>Product Multiple Images</b>
Product Type Consumable	Active	
Sale Price 1.00	EAN13 Barcode	
Internal Reference		
describe the product characteristics...		

**Add Multiple Images for the Product**

### Step 29.2: Add Multiple Images to the product

- Click on **Product Multiple Images** tab.
- Click on **Add an item** option to start adding images for the product.

The screenshot shows a software interface for creating a new product. At the top, there's a toolbar with 'Save' and 'Discard' buttons. Below that, the product details are shown: 'Product Name' is 'iPhone5s', 'Can be Sold' is checked, and 'Add Multiple Images?' is checked. The tabs at the bottom include 'Information', 'Procurements', 'Inventory', 'Sales', 'Variants', 'Accounting', and 'Product Multiple Images' (which is currently selected). A table below has columns for 'Title', 'Alt', 'Type', 'Image', 'Video media player', 'Video ID', 'Sort Order', and 'More View Exclude'. A red box highlights the 'Add an item' button in the first row of the table. A tooltip says 'Click here to add new image / video'.

### Step 29.3: Creating a new Image

- After adding an item you'll be redirected to create image pop up.
- Give proper Title, Alt text, Type (Image / Video), Image and Sorting order.
- If you don't want to include this image in Custom Product Image Gallery click on More View Exclude.
- Click on **Save & Close** to create new image.
- To create another image / video click on **Save & New**.

The screenshot shows a 'Create: Images' dialog box. It has fields for 'Title' (Top), 'Alt' (top view), 'Type' (set to 'Image'), 'Image' (a thumbnail of an iPhone), 'Sort Order' (1), and 'More View Exclude' (unchecked). At the bottom, there are buttons for 'Save & Close', 'Save & New', and 'Discard'.

#### Step 29.4: Creating a new Video

- After adding an item you'll be redirected to create image pop up.
- Give proper Title, Alt text, Type (Image / Video), Image and Sorting order.
- To create Video click on **Video** option.
- Give proper type to video which can be of
  - **You Tube Video**
  - **Vimeo Video**
  - **HTML 5 Video**
- If you don't want to include this video in Custom Product Image Gallery click on More View Exclude.
- Click on **Save & Close** to create new Video.
- To create another image / video click on **Save & New**.

The screenshot shows the 'Create: Images' dialog box. It has fields for Title (demo\_5s), Alt (Demo for iPhone), Type (Video selected), Video media player (Youtube selected from a dropdown menu), Video ID (Youtube), Sort Order (0), and More View Exclude (unchecked). At the bottom are buttons for Save & Close, Save & New, or Discard.

#### Step 29.5: Panel Options

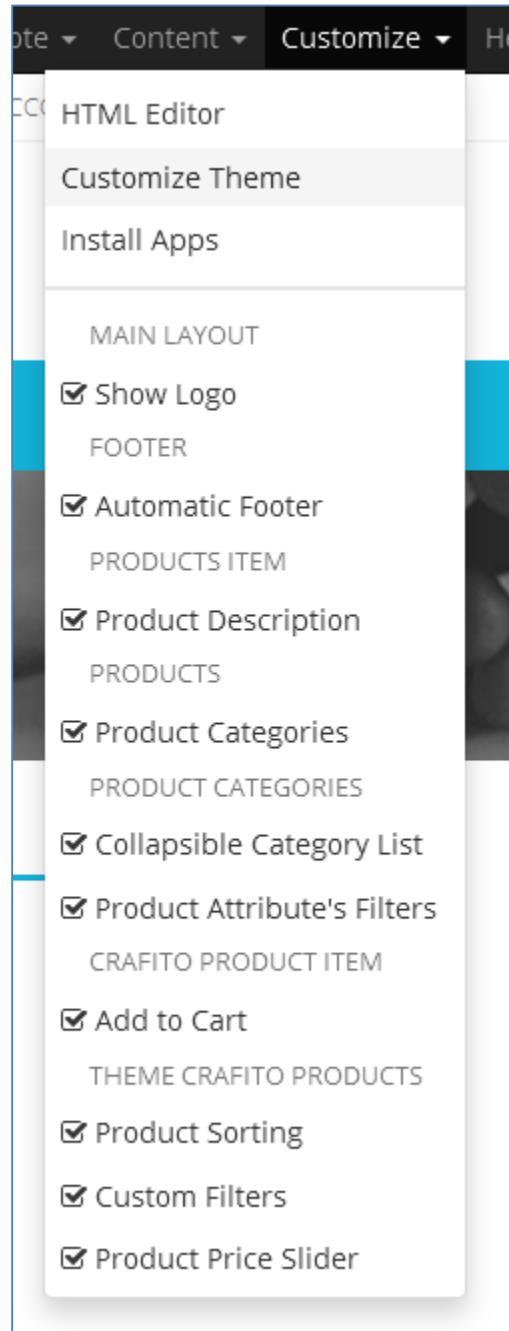

- Go to Website Admin -> Configuration -> Multiple Product Image. You'll see settings for Multiple Product Image.
- Which includes settings for:
  - **Slider Effect:** Select this option to enable slider effects.
  - **Thumbnail Panel Position:** This drop down allows admin to select Thumbnail panel position from Left, Right or Bottom.
  - **Play Interval of Slideshow:** This allows admin to manage interval between two images in slideshow.
  - **Enable Text Panel:** Select this option to show text along with images in panel.
  - **Thumbnail Overlay Effect:** This option allows admin to choose thumbnail overlay effects from Default, B/W, Sepia or Blur.
  - **Change Thumbnail Size:** To change thumbnail height and width, enable this option.

## Multiple Product Image

Slider effects	<input checked="" type="checkbox"/>
Thumbnails panel position	Right
Play interval of slideshow	5000
Enable the text panel	<input checked="" type="checkbox"/>
Thumbnail overlay effects	Default
Change thumbnail size	<input checked="" type="checkbox"/>
Thumb height	50
Thumb width	88

## Step 30: Adding Different Filters in Shop

- Go to Website -> Customize. In this you will find multiple options to customize your webpage. Select any option and that will be shown on the Shop page as per defined criteria.
